Gathering 500+California Important Eslite

San Francisco Tech Week

	United States	34.51 %
	Taiwan	12.46 %
	China	8.34 %
	Spain	6.89 %
	United Kindom	6.25 %

- Onboarded Musicians
- Partnerships
- News Appearances

Acquired **100K** Music Licenses

Assisted **11K** Creators

Served **126** Countries

A.V. Mapping saved creators'

**261 Years**  
**450 Million**

USD

Problem

**Millions of Creators**  
**Billions dollars market**

# Complicated Music contract ecosystem

Difficult to find the music owners

## FREE streaming on Technology Platforms

Technology companies protect themselves, not musicians. So they made ambiguous contracts "FREE content, FREE music", ex. Meta, Tiktok

Problem

Then they will spend

**6 Months**

**7K**

USD

**260K**

Times Efficiency  
Without A.V. Mapping
