Awaraton: 1-week proof of concept

Awaraton is an opportunity to increase awareness of Microsoft Teams capabilities while also obtaining a ready-to-use enterprise application adapted to the requirements of your company.
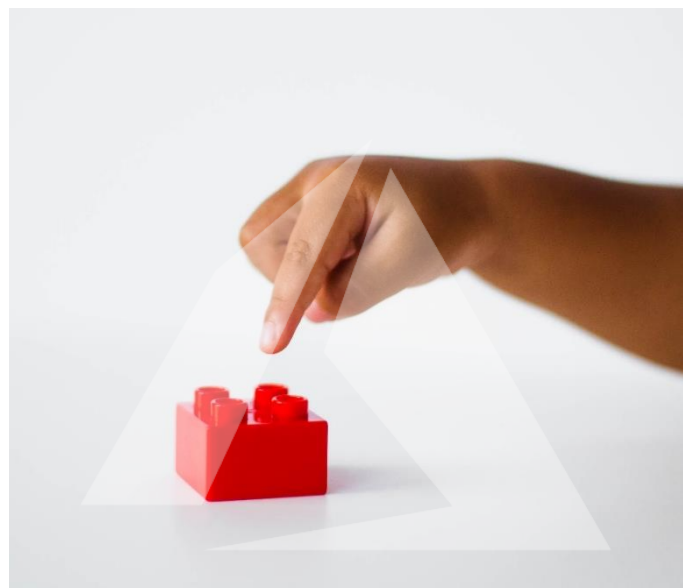

Deliverables:

- 2 webinars recordings (Plan your app, Initiate usage of your app)

- Customized sample Microsoft Teams app deployed in your tenant

Format

This is a collaborative format between a partner and a customer. It can serve as a launching pad for developing Teams apps within your company, while also maximizing the benefits of Microsoft products such as Teams, Viva, Office 365, and other offerings.
