# 365
Agile Expenses

Simplify back office work by 70% to manage your expenses through a **product integrated in the Expense Management module** of Dynamics 365 Finance and Supply Chain Management called 365 Agile Expenses.

axazure

Certified Digitalization by the AEAT

Capture your expenses through the mobile camera, once the image is made it will be stored and *certified* so that it has *full legal validity*.
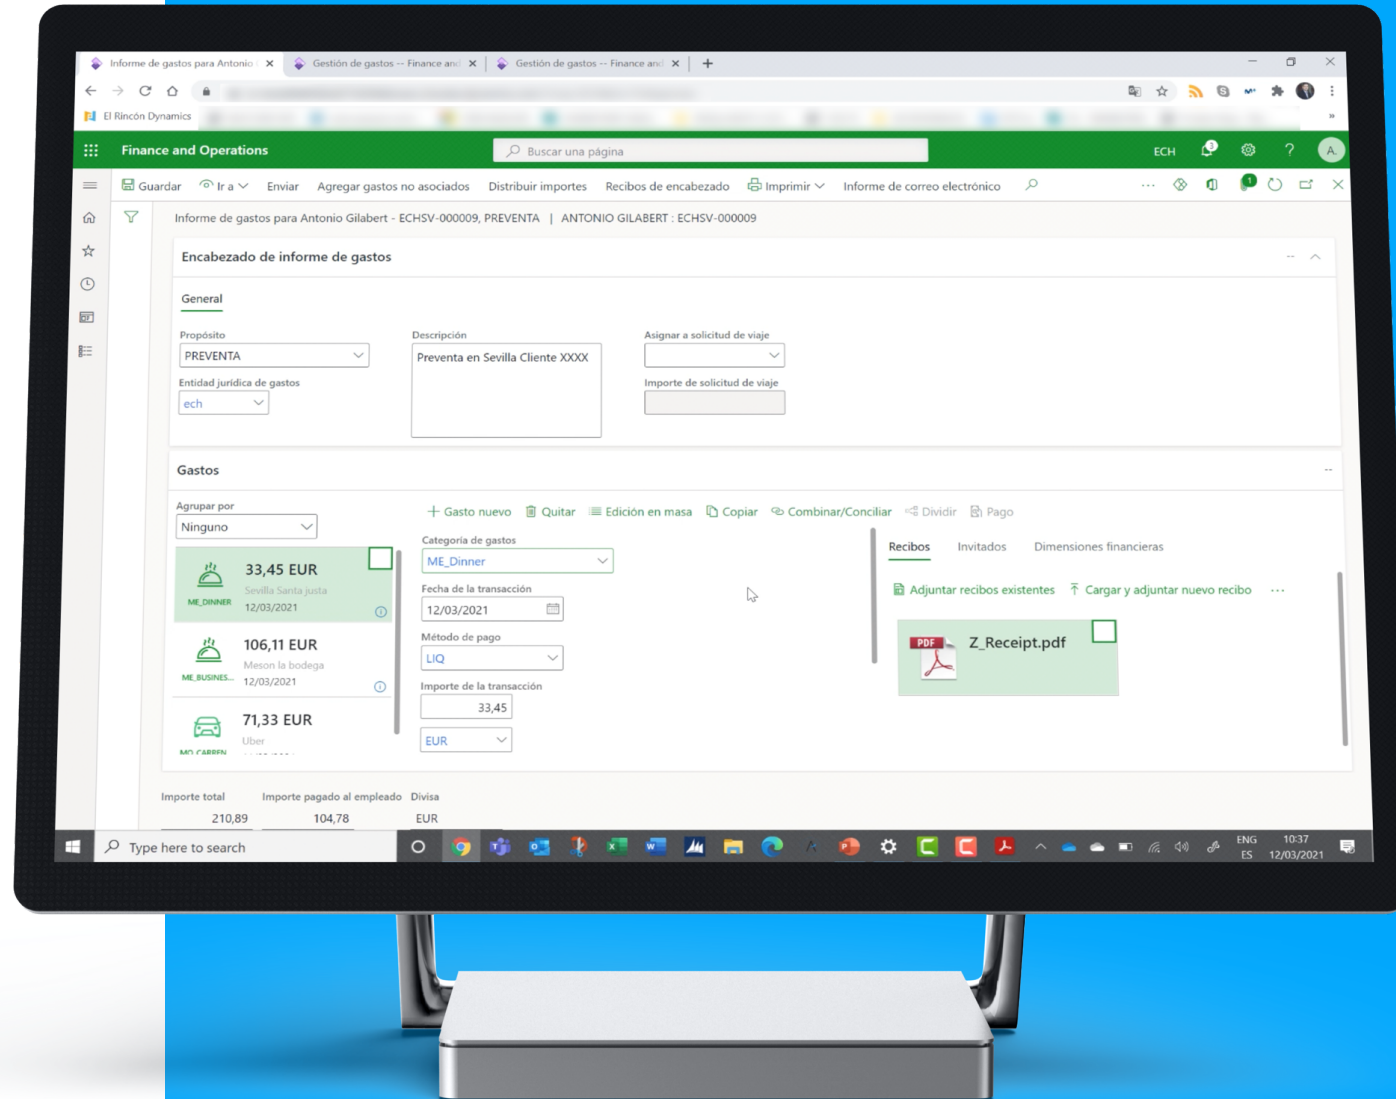

Recover more VAT and avoid ticket losses

Make your project profitable only with the recovery of the VAT collected on the expenses of your workers. By having an app to take the photo of the ticket and have it legally certified by the Tax Agency, it will guarantee you **not to have dependence on the delivery of any supporting document**.

Make the most of the full capabilities of standard Expense Management

This complement will not mean any loss of functionality that Dynamics 365 offers you in relation to *Expense Management*:
Expense policy, mileage management, allowances, advances, approval flows, reports, travel sheets …
