

App Assessment

Guarantee new and existing Power Platform apps are on the right track

What is App Assessment?

Barhead helps customers by providing a complete assessment of a customer's requirements for a new business application or the migration of an existing application to the Power Platform.

Why Barhead's App Assessment?

Barhead has created different type of apps used internally in various industries. With Barhead's deep experience in Power Platform, assessing the best solution approach to solve business problems is one of its strengths and helps customers build their applications.

Unique Value Propositions

App Assessment Report

Be guided by a high-level App Assessment Report that will benefit customers in understanding how the Power Platform can be leveraged to solve its business problems.

Power Apps Workshops

Upskill and apply learnings from Barhead's Power Platform team who will assist the decision-makers in reviewing apps functionalities.

Identify Business Needs

Review with key stakeholders the next action steps to take in maximising Power Platform.

Included Activities:

App Scoping

New customer app

App Assessment

Replace existing customer app

Workshop Facilitation

Two half-day workshops for app functionality review; four functional modules and one integration point

Review

Half-day workshop for a review with key stakeholders and next steps

Typical Scenarios

- Scoping of an idea for a new app.
- Review an existing app for migration to the Power Platform.
- Advice on how to leverage new and/or advanced Power Platform features.

Business Outcomes

- ✓ App Assessment Report detailing the high-level Power Platform solution design including the functional scope overview and entity relationship diagram (ERD).
- ✓ A high-level Implementation plan and estimates to assist with business case development and recommended next steps.

Pricing

Fixed Price or Time and Materials estimate starts at AUD 15,000.

Barhead is a specialised consulting firm focused on delivering business solutions leveraging the strategic value of Microsoft Business Applications through Dynamics 365 and Power Platform. We believe that it is a combination of people, technology, and business drivers that underpin the most successful implementations.

Barhead provides global support for customers, providing deep expertise around:

Power Platform tools – Power Apps, Power Automate, Power BI and Power Virtual Agents.

Business solutions for standalone apps, or apps that extend existing Microsoft solutions.

Pre-built solutions from Barhead’s research and development team.

Deployment models, best practices and governance.
