

Power Apps Review

A Power Apps solution review for a robust and more competitive Power Platform package

What is Power Apps Review?

Barhead provides an App Review service for clients building their solutions on the Power Platform. Gain feedback and insights on apps based on Barhead's design and build best practices, receive recommendations for identified issues and challenges and an easy to follow report on required actions.

Why Barhead's Power Apps Review?

The Power Apps Review is part of Barhead's Power Platform Implementation Services which offers a comprehensive review of Power Apps solutions. Barhead also provides recommendations and actions that get apps up and running in a quick, scalable and cost-effective manner.

Unique Value Proposition

Experienced Developers

Tap Barhead's pool of experienced developers to provide best practices advice to get your app up and running.

App Optimisation

Get expert recommendations on how to develop scalable high performing apps.

Knowledge Sharing

Customers can support their employees to build apps on their own in a supported environment.

Included Activities:

Design Review

Review the design and build of an app against Barhead's best practices

Actions and Insights

Review and provide actions and insights on issues and/or challenges faced developing an App

App Performance

Review app's performance and recommend improvements

App Health Check
