Advanced App in a Day

Advanced workshop dedicated for intermediate and experienced developers

What is Advanced App in a Day?

Barhead's Advanced App in a Day offers an instructor led one day hands-on workshop for intermediate to advanced app makers. Participants will learn about solutions, reusable components, complex data relationships and Custom API connections. Attendees of this workshop shall have completed the App in a Day beginner level or at least have equivalent hands on experience.

Why Barhead's App in a Day?

App in a Day is a part of Barhead's Power Platform Enablement Services which equips participants with an understanding of Power Apps through a sample scenario, facilitated by Barhead's Power Platform experts.

Unique Value Proposition

Rapid Database Development
Learn how to build complex data models and relationships with a deep dive into the Common Data Service (CDS).

Scalable and Agile
Develop solutions that are highly scalable and agile to achieve quick turnarounds.

Upskill with Power Platform
Upskill solution developers with Power Platform components.

Session Topics:

Solutions

Reusable Components

Complex Data Relationships

Embedding Canvas Apps

Custom APIs

App in a Day Agenda
