

Flow in a Day

Automating business processes and solutions through Power Platform

What is Power Automate in a Day?

Barhead offers an instructor-led hands on workshop introducing Microsoft Power Automate - a tool that turns repetitive tasks into automated workflows and creates connections between apps and services, sends notifications, collects data and more.

Why Barhead's Power Automate in a Day?

Flow in a Day is a part of Barhead's Power Platform Enablement Services which equips participants with an understanding Power Automate through sample scenarios, facilitated by Barhead's Power Platform experts.

Unique Value Proposition

Automate business processes

Improve work efficiency and productivity by automating business processes and workflows.

Governance

Own and administer data, processes and approvals through a scalable and secured workflow.

Optimise Power Platform

Optimise Power Platform solutions with Power Automate capabilities and integrate with Power Apps.

Session Topics:

Power Automate
