

**BARRAISER INTERVIEW COPILOT**

# Start Interviewing using an Copilot!

Yes, you heard it right. It's time to make interviewing super smart, easy and effective with BarRaiser Interview Copilot

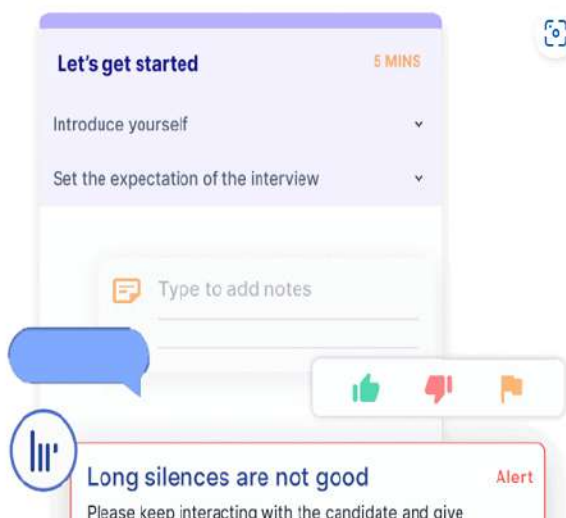

[See it in Action](#)

This is hands down the best interview I have ever attended. The interview was well structured and interviewer gave full clarity of how I will be evaluated.

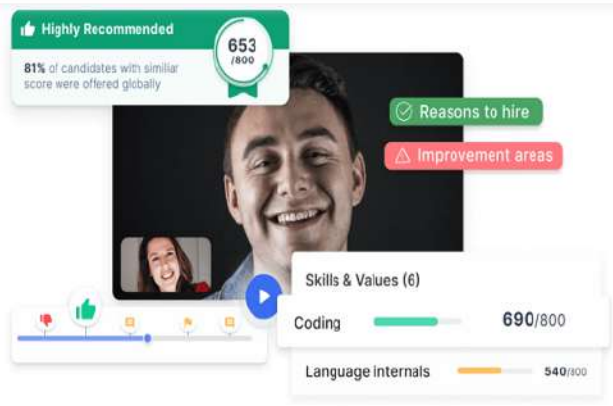

## FEATURES

# Our Core Features

## Guide Interviewer with questions to ask in Interview

Our Interview Copilot presents questions from your interview plan on the interview screen, enabling you to concentrate on the interview process rather than coming up with the right questions to ask during the interview

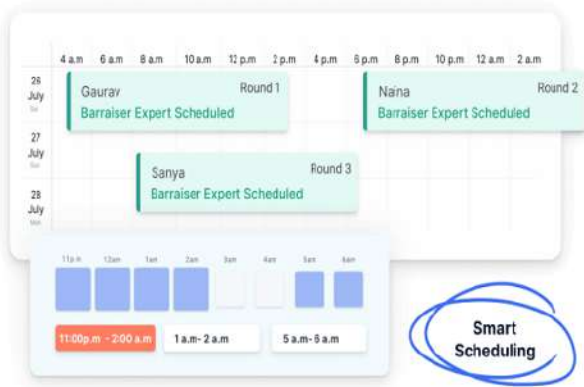

## Ask questions based on Candidate's profile

Customise different sets of questions to ask in the interview, enabling interviewers to select questions that align with the candidate's profile, ensuring a more effective and personalized interview experience

## Lightning fast feedback about interview

## Live Note-Taking and Insights

Interviewers can now capture important insights and observations during interviews using the BarRaiser Interview assistant which can be further used in decision making
