BDO empowers your organization to build **collaborative, secure, and AI powered workflows** aligned with your unique workplace goals.

We look forward to helping you achieve your low code goals. **Faster.**

**50,000+** GLOBAL CUSTOMERS

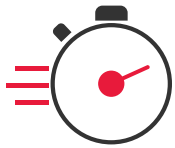

**250+** MODERN WORK, DATA, AND AI SPECIALISTS

# BDO's Innovate with Low Code and AI Agents Implementation Overview

Harnessing AI Agents and Copilot Studio, you'll experience the benefits of scalable, easy-to-deploy AI-powered automation that streamlines processes and drives operational efficiency—all while keeping your team focused on what matters most. By adopting Power Platform, companies unlock rapid, cost-effective solutions that deliver immediate impact.

## TYPICAL CLIENT CONCERNS

### Business Process Agility

Business users often struggle to adapt processes quickly due to reliance on IT

### Data Management

Difficulty aligning data protection with the need for innovation and accessibility

### High Development Costs

Traditional app development is expensive and time-consuming

### Integrations

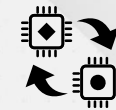

Many businesses rely on legacy systems that are hard to modernize or integrate

## HOW BDO CAN HELP

### Business Process Reviews

- Work with BDO professionals to review & streamline business workflows

### Data Connectors

- Seamlessly integrate external systems and tools to bring all your processes together

### Enable Citizen Development

- Train and empower your people to build new automations with low code services & AI Agents

### Power Platform Center of Excellence

- Design, implement, and manage policies with proven governance frameworks

# BDO's Innovate with Low Code and AI Agents Implementation Overview

BDO partners with your team to uncover your unique business objectives and technology priorities, ensuring every step is tailored to your vision.

## Estimated project timeline:

We estimate the readiness, deployment, and testing for phases to take 4-6 weeks.

## Typical implementation includes:

- ▶ Readiness Analysis & Advisory Documentation
- ▶ Feature Configuration & Deployment
- ▶ Roadmap for Deeper Integration

### PHASE 1 Discovery

Consultation on your business process needs and governance strategy

### PHASE 2 Proof of Value

Develop deployment strategy and deploy prioritized low code solutions to demonstrate value

### PHASE 3 Production Deployment and Testing

Configure your low code and AI Agent solutions at scale

### PHASE 4 People Enablement

Work with BDO to prepare your people for change and to measure impact

‘BDO’, ‘we’, ‘us’, and ‘our’ refer to one or more of BDO International Limited, its network of independent member firms (‘the BDO network’), and their related entities.

The BDO network is an international network of independent public accounting, tax and advisory firms which are members of BDO International Limited and perform professional services under the name and style of BDO (hereafter: ‘BDO Member Firms’). BDO International Limited is a UK company limited by guarantee. It is the governing entity of the BDO network.

Service provision within the BDO network is coordinated by Brussels Worldwide Services BV, a limited liability company incorporated in Belgium. Each of BDO International Limited, Brussels Worldwide Services BV and the BDO Member Firms is a separate legal entity and has no liability for another entity’s acts or omissions. Nothing in the arrangements or rules of the BDO network shall constitute or imply an agency relationship or a partnership between BDO International Limited, Brussels Worldwide Services BV and/or the BDO Member Firms. Neither BDO International Limited nor any other central entities of the BDO network provide services to clients.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.
