

# Innovate with Low Code AI, AI Agents, and BDO

Transform workloads and workflows with intelligent automation and low code Power Platform solutions.

Empower your organisation to achieve more with Microsoft Power Platform's suite of cutting-edge tools. Through intuitive automation, advanced reporting, and seamless data integration, you can transform your workflows and accelerate results—without the need for complex or costly implementations. By adopting Power Platform, companies unlock rapid, cost-effective solutions that deliver immediate impact.

Harnessing AI Agents and Copilot Studio, you'll experience the benefits of scalable, easy-to-deploy AI-powered automation that streamlines processes and drives operational efficiency—all while keeping your team focused on what matters most.

## BDO'S INNOVATE WITH LOW CODE AND AI AGENTS IMPLEMENTATION OVERVIEW

BDO works in partnership with your team to uncover your unique business objectives and technology priorities, ensuring every step is tailored to your vision. Leveraging the power of Microsoft Power Platform—including AI Agents and Copilot Studio—we design and implement scalable, low code solutions that automate processes and deliver real results.

Our specialists manage the complexities, enabling your organisation to quickly benefit from seamless automation, advanced reporting, and intelligent workflow integration. You'll see immediate value through a working prototype, designed to showcase how low code and AI can unlock efficiency across your operations.

With BDO, you gain a trusted adviser committed to maximising your investment and enabling your business to innovate with speed and confidence.

## POTENTIAL LOW CODE AND AI AGENTS IMPLEMENTATION BUSINESS CASES

- ▶ Identify and prioritise key business processes using Microsoft's Process Mining tools
- ▶ Manage, monitor, and nurture the adoption of low code tools using the Microsoft Centre of Excellence toolkit
- ▶ Utilise Dataverse natively or third-party data connectors to seamlessly integrate your business data
- ▶ Leverage Power BI to develop comprehensive, interactive dashboards and reports that provide real-time insights into your organisation's performance and financial health
- ▶ Automate complex workflows such as invoice processing and analysis by deploying custom AI Agents and Power Automate triggers
- ▶ Create a simple user interface for data entry and data consumption with Power Apps that are easy to maintain and adapt as your needs evolve
- ▶ Quickly build consumer-facing web pages and bypass costly development cycles with Power Pages
- ▶ Natively extend Dynamics 365 with low code applications and AI Agents
- ▶ Further optimise business processes centred around non-Microsoft business applications such as SAP and Salesforce

## STEPS FOR A SUCCESSFUL MICROSOFT COPILOT ACTIVATION AND IMPLEMENTATION

### STEP 1

Consultation on your business process needs and governance strategy

### STEP 2

Readiness assessment and proof of value

### STEP 3

Power Platform deployment and testing

### STEP 4

Feature production rollout and user enablement

## KEY DELIVERABLES TYPICALLY INCLUDE

- Readiness analysis and advisory documentation
- Feature configuration and deployment
- Roadmap for deeper integration

## WHY CHOOSE BDO DIGITAL

### Get it Right from the Start

BDO's Power Platform offerings are built on years of experience helping our clients realise and maximise their Microsoft 365 investments. BDO consistently delivers results for organisations around the world.

### Broad Capabilities

Our extensive experience with complex, regulated environments and multi-year transformations ensures that every step of your cloud journey is strategically planned and expertly executed.

**\*Pricing will vary depending on the scope of the engagement.**

'BDO', 'we', 'us', and 'our' refer to one or more of BDO International Limited, its network of independent member firms ('the BDO network'), and their related entities.

The BDO network is an international network of independent public accounting, tax and advisory firms which are members of BDO International Limited and perform professional services under the name and style of BDO (hereafter: 'BDO Member Firms'). BDO International Limited is a UK company limited by guarantee. It is the governing entity of the BDO network.

Service provision within the BDO network is coordinated by Brussels Worldwide Services BV, a limited liability company incorporated in Belgium. Each of BDO International Limited, Brussels Worldwide Services BV and the BDO Member Firms is a separate legal entity and has no liability for another entity's acts or omissions. Nothing in the arrangements or rules of the BDO network shall constitute or imply an agency relationship or a partnership between BDO International Limited, Brussels Worldwide Services BV and/or the BDO Member Firms. Neither BDO International Limited nor any other central entities of the BDO network provide services to clients. BDO is the brand name for the BDO network and for each of the BDO Member Firms.
