

Viva Connections Jumpstart

6 Weeks PoC

Engage your hybrid workforce seamlessly with Viva Connections and keep your workforce connected, informed and organized.

Hybrid work is here to stay and modernizing the employee experience has never been more important. Leveraging the BDO Lixar Viva Connections Jump Start Offer, your organization can start to bring all your company news and resources into MS Teams, and create actionable tasks for employees to stay in the flow of work resulting in a Modernized Hybrid work experience for your employees.

What is the value?

- Keep your employees connected and engaged
- Ensure secure access to internal policies and documents
- Streamline communications

How does it work?

- 1. Discovery & Art of the Possible** BDO Lixar and your stakeholders will work together to understand the vision of your organization and the needs of your teams, employees and partners. The discovery phase includes an assessment of your existing intranet and challenges to determine a site architecture to rapidly leverage Viva Connections.
- 2. Recommendations** Within the features of Microsoft's capabilities, we will work with your team to recommend a desired information and site architecture, to ensure your employees are accessing content securely – all packaged together with your corporate brand.
- 3. PoC Execution and Roadmap** Working with assigned stakeholders, we will deliver a roadmap to execute your priorities and identify training needs for content creators and publishers, leveraging best practices.
