

## BitRecover For Outlook 365 Backup Wizard

Reliable Outlook 365 Backup Tool to Convert Outlook 365 Mailbox Into 35+ Saving Options

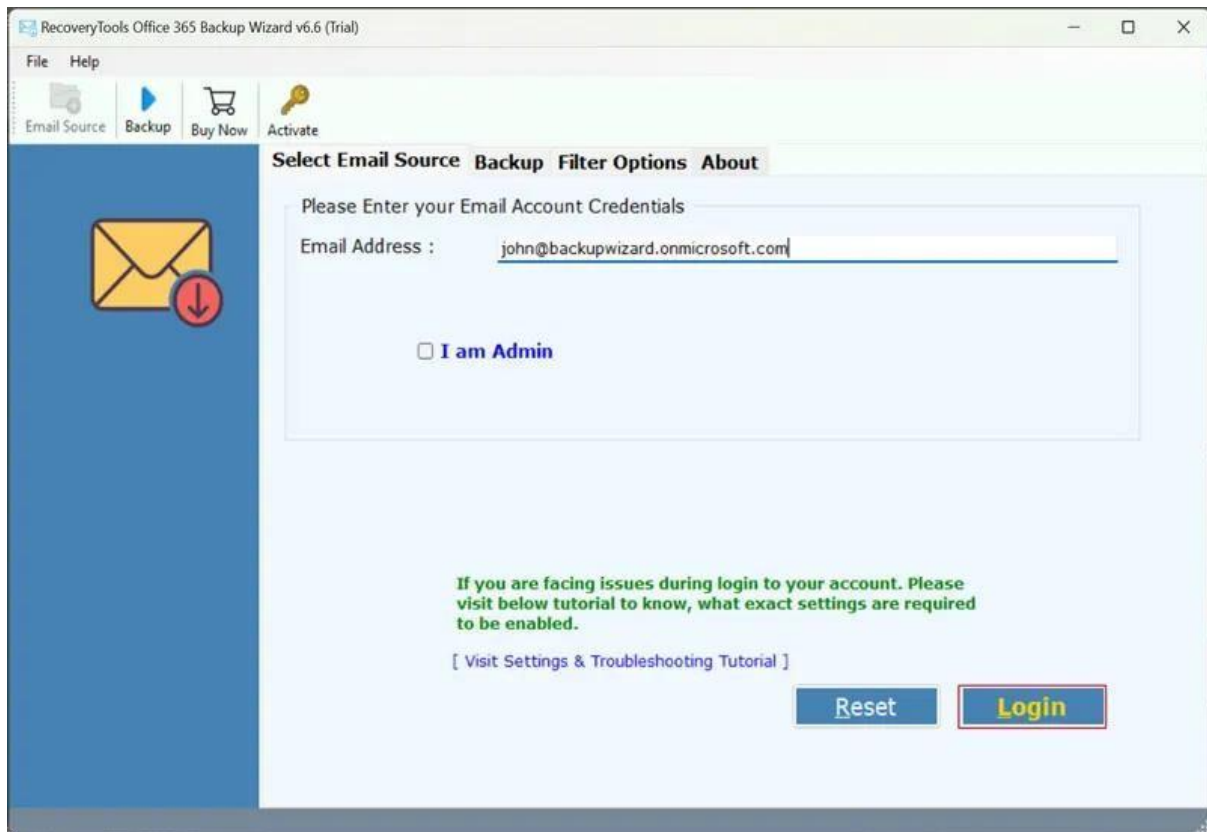

The BitRecover for Outlook 365 backup wizard is an expert-recommended tool that allows users to bulk convert the Outlook 365 mailbox into PST, PDF, DOC, EML, TXT, OLM, Outlook.com, Yahoo Mail, IBM Verse, Gmail, Lotus Notes, HTML, and so on. Plus, to make the resultant file precise, the tool offers advanced filters such as Date Range, Subject, Exclude Folders, etc., and an easy selection of specific folders such as Bin, Draft, Inbox, Spam, etc. Most importantly, this Outlook 365 backup wizard also ensures proper management of resultant files as it maintains the hierarchy of labels and also provides the file-naming option to access them swiftly.

**Step 1: Download the software and run that on your system.**

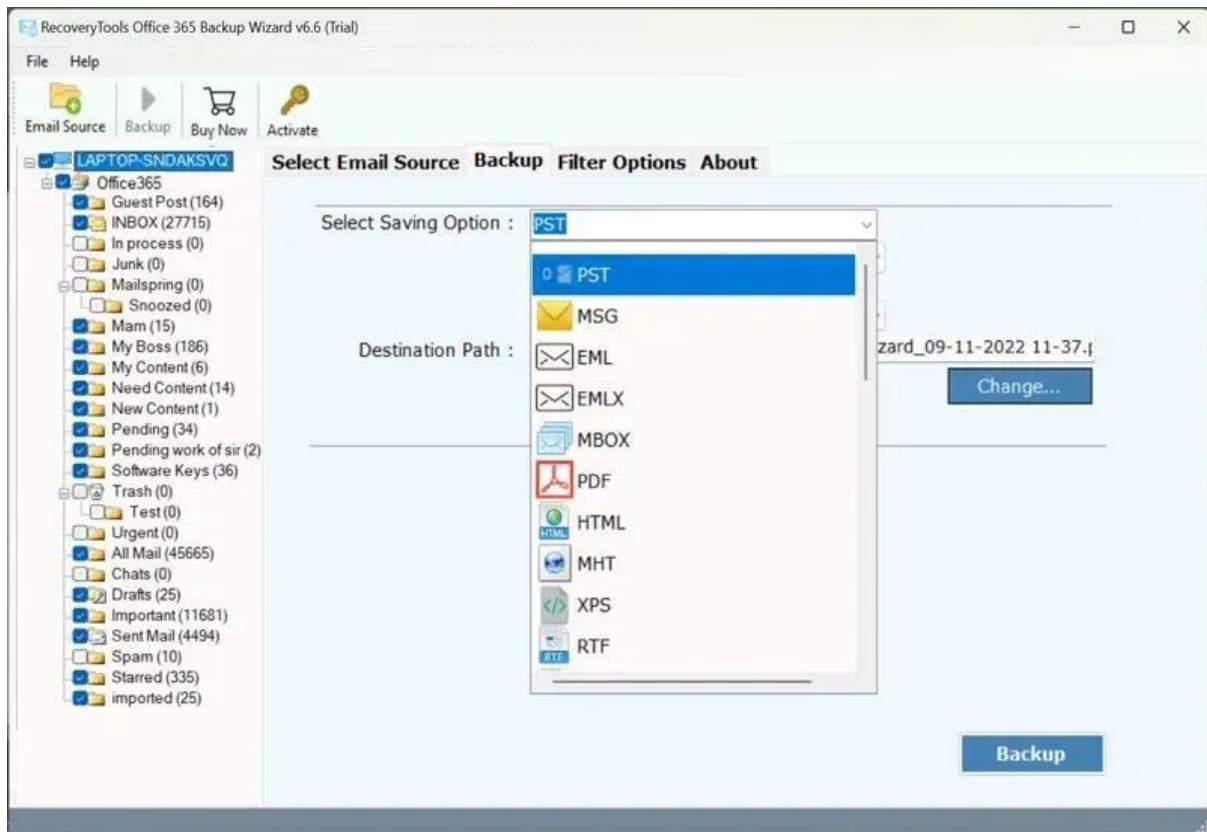

**Step 2: Share the Outlook 365 credentials and sign in positively.**

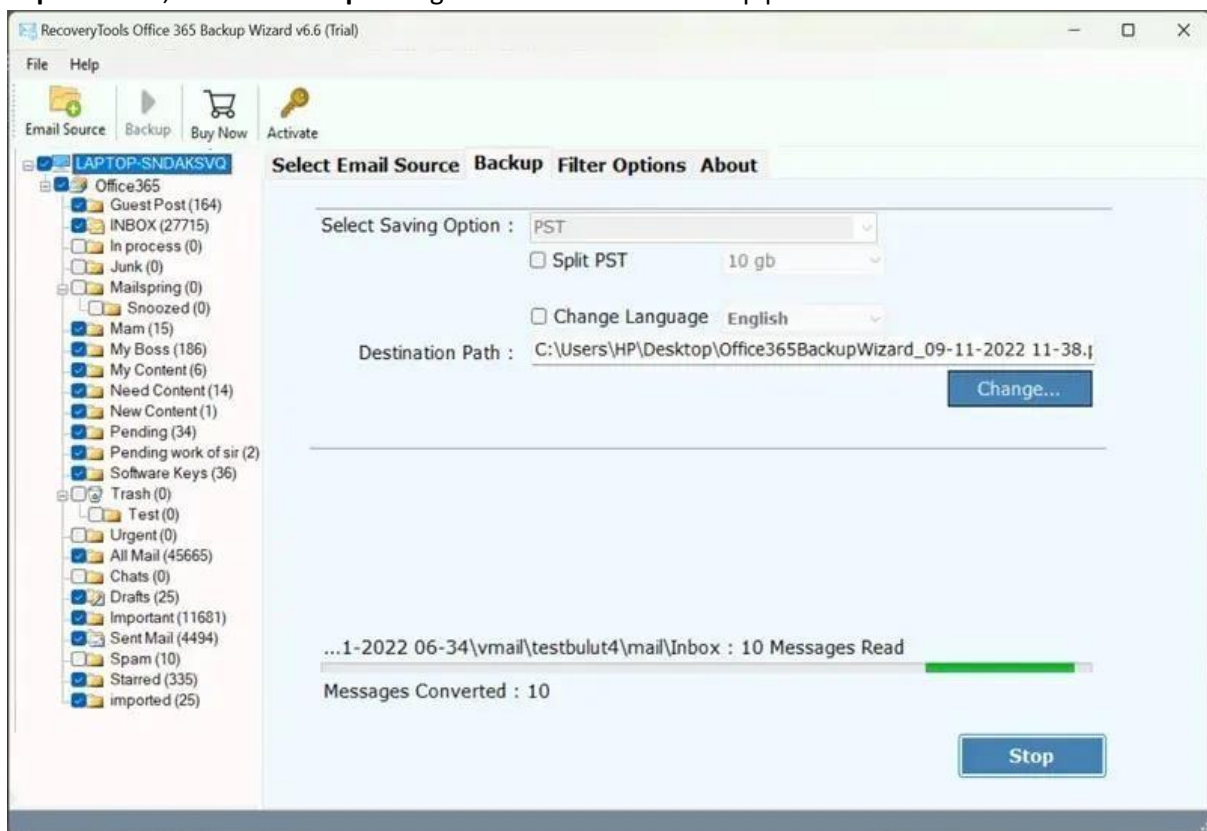

**Step 3:** Once done, choose the Outlook 365 files saving option.

**Step 4:** Now, select a file-naming option and destination. You can also apply filters for better results.

**Step 5:** At last, click on **Backup** to begin the Outlook 365 backup process.

When the process to backup Outlook 365 email completes, the tool opens up a SavingLog.txt file on the screen. This file is more like a summary report of the entire Outlook 365 email backup procedure which includes status, date, time, number of items, saving folder, type of backup, and so on.

### **Conclusion**

The BitRecover for Outlook 365 Backup Tool is an easy-to-use software that is highly used and recommended by industry experts. This tool swiftly works with all the editions or versions of Windows and Mac operating systems. Over and above that, this Outlook 365 backup tool also provides a freemium version that allows the user to try and test its features so that they can make a wiser decision on purchasing the required pro license.
