BitRecover for Outlook Archive Merger

Offline and Secure Solution to Merge Outlook Archive Files.

Over time, due to periodic Outlook data file archiving or transitioning from one system to another. Users face the problem of how to merge Outlook archive files for managing the archive PST files clutter. By understanding the user's pain point, our developers have developed a standalone offline desktop-based solution known as BitRecover for Outlook archive merger. To discover the working methodology of the solution please below mentioned steps.

Visit the Official Page: BitRecover for Outlook Archive Merger

Step 1: First, download and launch the BitRecover for Outlook Archive Merger Tool on your computer.

	Merge PS	T Files		
I. Click on "Select" button l "Next".	ocated on next screen and select the	folder which contains you	r PST or OST files and th	en click
2. If the selected folder conta hierarchy will be displayed.	ins sub-folders (or folders deeper in	folder hierarchy) with *.pst	or *.ost files then who	le folder
3. Select required files or fold	ers to merge.			
1. Choose desired saving loca	tion to proceed for merging.			

Step 2: Next, **select the option to insert Outlook archive files** into the tool console for merging. Whether from a **local device** or **directly from Outlook**.

Convert configu	red Outlook mail	box data				
< Not Installed >						
○ Let me select m	/ Outlook mailbox	data				
Select *.pst or *.	ost files or folder h	aving (*.pst or *.	ost) files			
Select Files	or 🕅 Selec	Folders				
< Not Installed >		· · · · · · · ·				
						_
Use Recovery M This option will I	oae elp you convert coi	rupt .pst or .ost fi	iles. Use this option,	if in case you are	getting s	some
missing folders.						

Step 3: After that, **enable the folders** from the Outlook archive files that need to be merged.
