

No More Failed Audits!

Take Control with FlowAgent

Scattered SOPs in emails and spreadsheets cause failed audits and compliance risks.

FlowAgent by Bizmetric transforms static documents into AI-based, intelligent, trackable workflows that ensure every step is executed perfectly.

What is Bizmetric FlowAgent?

FlowAgent is a dynamic workflow platform that turns compliance policies into automated, executable processes with built-in accountability.

Key Features & Benefits

AI-Generated Checklists that automatically convert your SOPs into actionable tasks

Audit-Ready Action Logs providing complete traceability for every process

Automated Reminders & Escalations to ensure timely completion of critical steps

Seamless System Integration with your existing HR, ERP, and ticketing platforms

60% Audit Preparation Time Reduction

Streamline compliance processes while significantly reducing manual effort and risk
