Blackbaud Grantmaking™

Effortless Grant Management Software to Maximize Impact

Blackbaud Grantmaking delivers time-saving capabilities from day one. With Blackbaud Grantmaking, foundations, nonprofits, corporations, and healthcare organizations can efficiently manage their entire grantmaking lifecycle - from accepting online applications to assessing and communicating impact - in one purpose-built tool

### Easily Create and Manage Application Forms

- Use the forms manager to build, modify, and brand application forms and assign them to programs
- Create custom fields to personalize Blackbaud Grantmaking to your organization
- Pre-screen applicants for eligibility

Experience a Smooth Evaluation Process

- Make grant selections and reduce administrative error with an efficient application review workflow
- Set up notifications, sequences, and review rules to route applications to the proper reviewers

Seamlessly Collaborate

- Upload documentation, see outstanding tasks, and communicate with other reviewers
- Collect feedback with custom scoring rubrics or use preset feedback fields

Impactful Insights

Stay Compliant and Secure

- Capture and report on grant information across all your grantmaking entities, while managing user permissions
- Integrations with Candid, IRS, CRA and OFAC help you maintain compliance
- Meets standard global regulations, such as GDPR and SOC 2
- Audit records and ensure due diligence standards are met
- Provides multi-currency support

Measure and Evaluate Your Impact

- Utilize more than 200 pre-built reports or create custom reports
- Create dynamic, interactive dashboards to analyze trends
- Schedule reports and notifications to share with external stakeholders
