

DISCOVERY CONSULTATION:

## MIGRATE ENTERPRISE APPS

Free of charge Discovery Consultation (3H). Our team quickly assess your application portfolio, identify optimal migration strategies, and deliver tailored recommendations to accelerate your organisation's cloud migration.

### ABOUT THIS SERVICE.

BlakYaks Discovery Consultation is designed for clients considering the migration of enterprise applications to Azure.

Our team will examine your migration strategy and compare this against our recommended methodology helping to navigate common challenges / blockers and provide you with a clear plan of action.

### WHAT WE OFFER.

Get access to a specialist consultant-led advisory service. We will facilitate a "deep dive" into your Azure cloud environment, cloud native goals and migration initiatives and projects.

We will identify any obstacles, assess your level of maturity and assist you in formulating a roadmap with next steps. All findings will be presented and documented in a recommendations report.

The session is aimed at technical leadership (heads of) – Infrastructure, App Dev (DevSecOps, CICD) and Operations (SRE). Ahead of the workshop, our team will schedule a planning call to agree your key priorities and focus areas for the session and confirm attendees.
