Backed by a leading software engineering company

www.blastasia.com

Microsoft
Partner

Gold Application Development
Silver Application Development
Silver Cloud Platform

Established in 2001, BlastAsia is one of the largest software product engineering companies in the Philippines. Drawing from almost two decades of building commercial software for independent software vendors from all over the world, as well as a decade of developing its own startups, BlastAsia is highly capable of helping companies from different industries automate their processes using the QuickReach platform.

BlastAsia is ISO certified in Quality Management Systems (QMS) ISO 9001:2015, and in Information Security Management Systems (ISMS) ISO/IEC 27001:2013 for Outsourced Product Development, Research, and Development, and Software Quality Testing. BlastAsia is also a Microsoft Gold Partner for Application Development and Cloud Platform.
