## Our Products

Offering comprehensive products to manage your healthcare management processes effortlessly

			
<b>eLabAssist</b> Cloud-based software for Pathology laboratory and Radiology Centers	<b>eLabCorp</b> Unitary Ecosystem for Multi-centric Corporates	<b>eLabLite</b> Offline platform featuring online functionality	<b>eHMS</b> Integrated Hospital Management system

## Our Services

The Diagnostics solutions you deserve to enable quality doctor-patient experience

			
<b>Machine Connect</b> Pluggable Solution for clinical analyzer Interfacing with your software	<b>eBranding</b> A platform that lets you create something that's yours	<b>Health Services Platform</b> Digital platform delivering real-time experience to patients and doctors	<b>BioBank Platform</b> Your automation partner in connecting healthcare and research

Our Diagnostics products have enabled 1000+ organisations in health care sector to improve the overall experience of their patients and doctors

# Product Features

## Finance & CPRT made easy

Manage your finances - from bill receipts to bulk cash payments all under one roof!

## Quality Control and Turn Around Time

From QC data entry, QC readings, QC charts to Centralized dashboard, our cloud-based software ensures the reading of the samples are accurate, delivering a seamless and error-free experience.

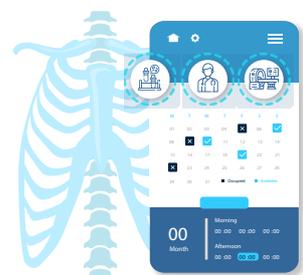

## Logistics & Phlebotomy

Manage Logistics & Phlebotomist activities in real-time to gain healthcare satisfaction for patients, doctors and hospitals.

## Inventory Management

Managing healthcare inventory helps you reduce revenue leakages and improve productivity. With the help of our Diagnostic system, one can easily access stocking levels and reductions in real-time. They can enhance Vendor Management (from vendor selection, rate management to association with stocks) and help laboratories to meet clinical pathology accreditation.

## Radiology reporting & cloud- based DICOM viewer

Our cloud-based software is a single online reporting solution for all modalities.

## Patient Relationship Management (PRM)

Patient Relationship Management (PRM) drives care, trust and respect by maximizing the impact of the digital health transformation. PRM is more than just Customer Relationship Management (CRM) for healthcare.

## Branding

eLabAssist offers Branding solutions such as Application Branding, Branded Mobile Application & Patient Web Portal. It is a cost-effective solution for creating your brand your way.

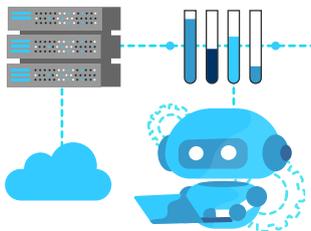

## Instrument Interfacing

eLabAssist system integration with interfaced instruments offers accurate results, providing a seamless lab experience and helps to build customer reliability. We have over 8+ years of experience in instrument interfacing of Unidirectional Interfacing and Bi-Directional Instrument interfacing. Provide Instrument interfacing with 3rd party application. Have Interfaced more than 2000 instruments.

# Optimize Your Healthcare Workflows By Leveraging Technology And Domain Expertise

## AI Based Solutions

### Seamless integration with ICMR using AI

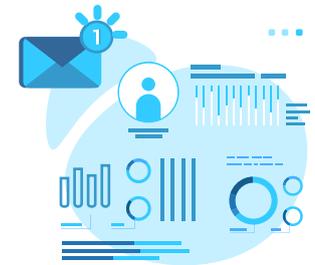

Problem statement : SARS-CoV2 outbreak had burdened testing laboratories with large volumes and quick turnaround times. On top of that the regulatory requirements mandated reporting of data to various agencies almost in real time.

Our Solution : Implemented Robotic Process automation with human language like Artificial Intelligence powered Open source platform.

### Seamless integration with PCPNDT using AI

eLabAssist seamless integration of Artificial Intelligence (AI) and Robotic Process Automation (RPA) is an ideal solution for Radiology centres to file up forms for prenatal diagnostics.

### Smart Reporting

eLabAssist's Smart Reporting system is a graphical presentation of patient test result data. It provides the health summary of the patient diagnosis for doctors to either predict and analyse the health condition of the patient or provide a further course of action based on the analysis received by smart reporting.

# Unitary Ecosystem For Multi-Centric Corporates

- Consultancy
- Multi Location
- Patient Web Portal
- Third Party Integration
- Device Integration
- Mobile Application

## Tailor Made Cutting Edge Solutions

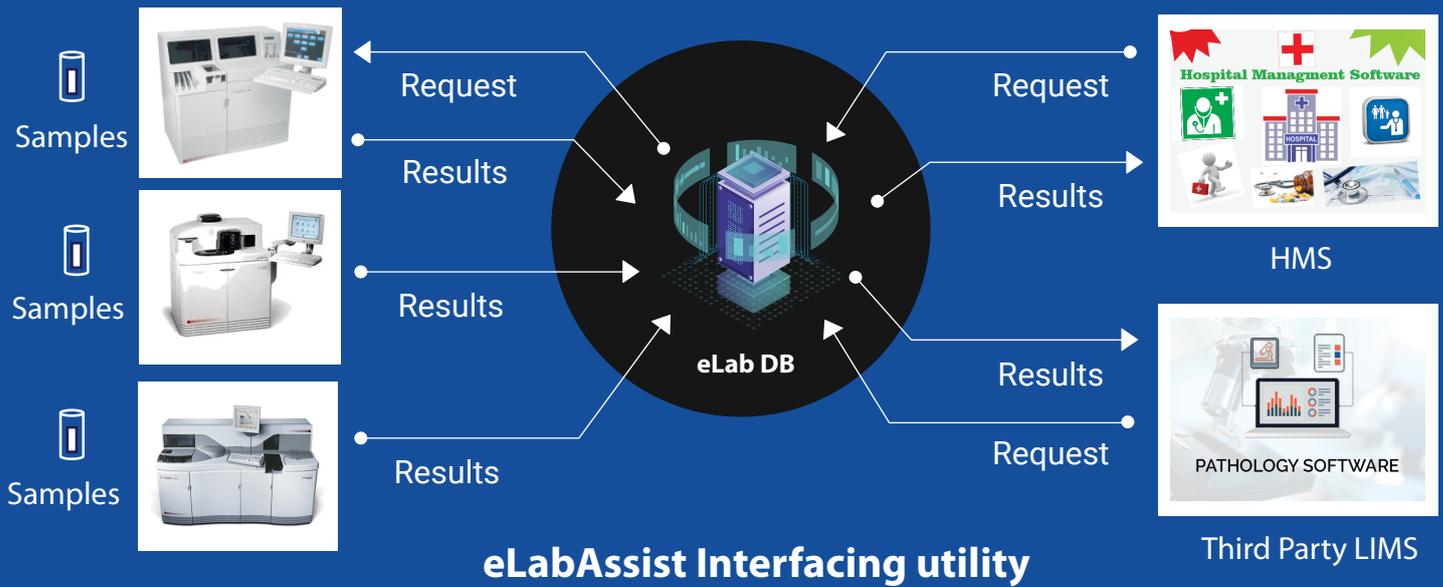

Operations (LIMS)	QA(QC & TAT)	Finance & CPRT	Branding
Inventory	Radiology	Purchase	Sales & Marketing
Logistics	Phlebotomy	HR/Payroll	PRM(CRM)

## Mobile Application

Mobile Application for Patients, Pathologist, Lab users, Phlebotomist, Franchisee user.

# Instrument Interfacing

## Offerings

Whether you process 100 samples a day or 10000+ samples a day , elabAssist has the right solution for you.
