

# Ahlan Ramadan!

## What is the Ahlan Ramadan App?

Ahlan Ramadan aims to bring the spirit of the Ramadan to Microsoft Teams, allowing your employees to keep an eye on prayer times, and to compete against each other by testing their Islamic knowledge.

## Key features

- **Prayer Times**

Track the daily prayer times by glancing at the home screen, and check the time left for the next prayer.

- **Question of the Day**

Test your Islamic knowledge and win a prize if you score a position in the leader board's top three.

- **Quran Tracker**

Keep track of your daily Quran recitals and mark the chapters that you have completed.

- **Recipe of the day**

Never worry about what to have for Iftar anymore, Ahlan Ramadan offers you a recipe for every day in Ramadan, allowing you to focus on what's most important during this Holy month.

## How can I get it?

Kindly reply to this email and we'll schedule a demo session and a deployment slot if you're interested.
