Microsoft 365 Defender Deployment Service - Enterprise

What are BlueVoyant Deployment Services?

With BlueVoyant's Microsoft Security Deployment Services, you don't need to be an expert to take your security and compliance posture to the next level. Our Deployment Services are designed to get you up and running quickly and to maximize your investment in Microsoft with hands-on services that include onboarding and baseline configuration services for the implementation of specific Microsoft Security solutions.

BlueVoyant will perform a detailed analysis of your environment(s) and provide actionable security insights leveraging the BlueVoyant catalog of pre-built playbooks and alert rules. The service includes a detailed assessment of your risks, guidance on how best to leverage Microsoft-powered solutions, and/or deployment and configuration assistance to best meet the requirements of your unique situation. The services are delivered by BlueVoyant Microsoft certified experts who specialize in Microsoft 365 Defender, Microsoft Defender for Cloud, and Microsoft Sentinel.

What does the Microsoft 365 Defender Deployment Service for Enterprise include?

The service includes the deployment and implementation of security features within the Microsoft 365 Defender product suite included in the Microsoft 365 E5/A5/G5 & E5 Security licenses:

Defender for Endpoint
