

Dynamics 365 Licensing Consulting

Discovering the ideal licenses can be a complex task, but it's crucial for your success. Our dedicated team is here to simplify this process for you.

We carefully analyze your unique needs and objectives, leveraging our expertise to pinpoint the licenses that align perfectly with your business.

With our guidance, you can navigate the licensing landscape confidently, ensuring that you're equipped with the right permissions to propel your endeavors forward. Trust us to handle the intricacies while you focus on what truly matters – achieving your goals.

Deliverables:

1. **Assessment:** Evaluate your current Dynamics 365 setup, licenses, users, and customization.
2. **Audit:** Review licensing agreements for compliance and cost efficiency.
3. **Mapping:** Align user roles with suitable licensing models and modules.
4. **Recommendations:** Create a personalized licensing plan tailored to your needs.
5. **Cost Analysis:** Break down costs and financial implications of the plan.
6. **Procurement Support:** Assist in acquiring the recommended licenses seamlessly.
7. **Documentation:** Provide comprehensive documentation of the strategy.

Outcomes:

1. **Cost Efficiency:** Optimize licensing expenses while meeting requirements.
2. **Compliance:** Ensure adherence to Microsoft's licensing terms.
3. **Efficiency:** Empower users with the right tools, enhancing productivity.
4. **Scalability:** Plan supports growth and changing needs.
5. **Informed Decisions:** Clear insights for strategic choices.
6. **Simplicity:** Simplify licensing complexities for ease of management.
