Design Your Space

Key Scenario

- Furniture data should be uploaded in the D365 Dataverse.
- Design your Room in 3D using the MR feature of Canvas app.
- Scale furniture based on Room's scale.
- Click the finalized designs and Compare through View in MR.
- Upload the design against the selected home to have the design history/compare.
- Get Quote to know price details for selected Furniture.
- Future scope - Scalable to Sales App for further invoicing selected furniture
