## WHY OFFICE 365

### SAVE YOUR COMPANY MONEY

Office 365 is available as a simple monthly subscription. Avoid large up-front costs for new software while moving the cost of IT from capital to operating expense. And without on-premises servers to run email, websites, and document storage, you can reduce energy costs and save by no longer purchasing new server hardware.

### SCALE YOUR BUSINESS QUICKLY AND FLEXIBLY

Office 365 grows with you on the Microsoft Azure cloud. Adding a new user is as simple as buying an additional license, which allows access to business-critical technology on up to five PCs/Macs and five mobile devices. Office 365 provides many plans to fit the right capability needs and price points for each user in your organization.

### TECHNICAL SUPPORT

Your Office 365 subscription comes with 24/7 support from a global network of experts, with one-hour response for critical, service-impacting events.

### FINANCIALLY BACKED SLA

Get peace of mind knowing your services are available when you need them with a financially backed, 99.9% uptime service level agreement.
