

Bulletproof

Inbox

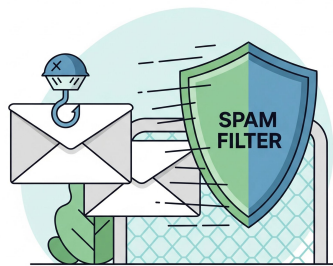

Time is your most valuable asset

- We live in a world where our time is under constant assault
- We built Bulletproof Inbox starting in 2021 – to protect your time, attention, and security.

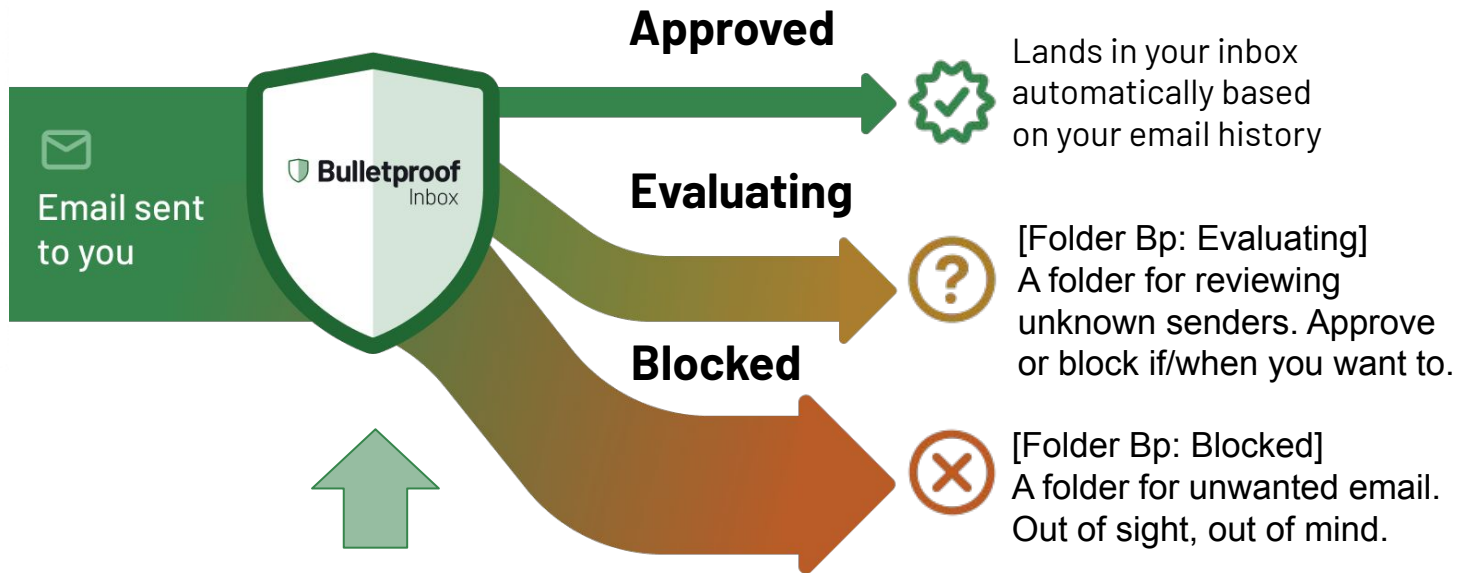

**Email is old and outdated.
That's why we flipped the script.**

Bulletproof complements traditional spam filters

Traditional spam filters
stop malicious emails

Extra layer of protection
removes the rest of the junk

Approved

Lands in your inbox
automatically based
on your email history

Evaluating

[Folder Bp: Evaluating]
A folder for reviewing
unknown senders. Approve
or block if/when you want to.

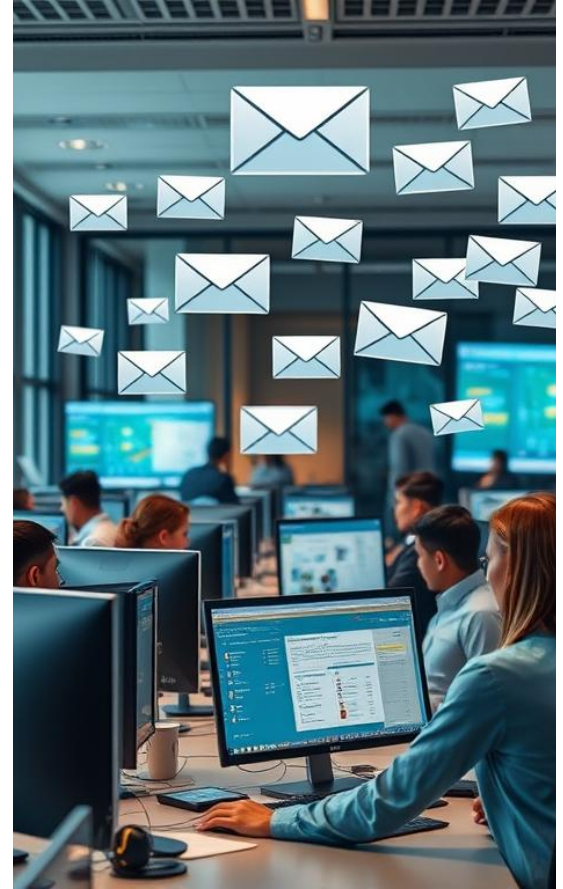

Blocked

[Folder Bp: Blocked]
A folder for unwanted email.
Out of sight, out of mind.

Key Features

- Seamless integration with Gmail & Outlook ensures compatibility with the most popular email platforms.
- Intuitive drag & drop functionality allows users to easily update the status of senders, streamlining workflow.
- A central admin portal enables company-wide management, making it easy for administrators to oversee settings and users.
- Email & domain level filtering provides granular control over what messages are filtered.
- Ability to adjust filter settings means every user or team can customize their experience to suit their needs.

57

% of emails that are just noise.

Bulletproof removes these
unwanted emails from your inbox

“Bulletproof inbox has helped me work more efficiently and stay focused on the emails that are most important. It also keeps me protected from the constant influx of sales and spam emails that plague my inbox.”

- Alyssa Gioscia / Executive Coach

Integrates directly with

- We use the Microsoft Graph & Google Cloud APIs to filter messages in real time.
- In the event of a Bulletproof service disruption, email delivery will continue without interruption.

5

of work days saved per year
for our members

"Bulletproof Inbox helps me easily sort through my spam messages. The easy filtering process has drastically reduced the time I spend managing and cleaning out my inbox. I've thoroughly enjoyed the product and would highly recommend this to anyone who is looking for a streamlined solution to manage spam emails"

- Ben Beyer / Founder & CFO

1,086

Average # of emails shielded in 1st month

"Email is useless without Bulletproof Inbox. It's transformed how I manage my communications."

- Colin McIntosh / Founder & CEO
