# About Sounds Like Me™

**Amplify Every Voice & Every Team – AI That Sounds Exactly Like You**

Unlock authentic self-expression, amplify team success, and supercharge personal growth with AI built for humanness. Available for Microsoft Teams and Copilot for Microsoft 365.

## YOUR VOICE, AI THAT SOUNDS LIKE YOU

Bring your identity and presence to every conversation. With Sounds Like Me™ Copilot & Teams learns precisely who you are, your values, amplifying your authentic voice at scale.

## AMPLIFY TEAM SUCCESS

Empower every member of your team to contribute with authenticity. Supercharge collaboration, enhance understanding and amplify everyone's unique strengths directly in Teams.

## PERSONALIZED COACHING, ON TAP

Elevate your best self at work with deeply personalized coaching exactly when you need it. Accessible, transformative guidance to enhance your resilience, wellbeing, and human potential.

Me™ iAM**

**Get  
Started!**

Create your iAM in one of three ways

**ABOUT iAM** | iAM isn't a psychometric. It doesn't assign categories, colors, strengths or labels to who you are. It doesn't tell you who you should be. You define yourself. Through your own words, your own values, to create an AI experience that is as individual as you are.

## AI AS A FORCE FOR GENUINE GOOD:

**WHY?** 92% of workers report greater satisfaction and belonging when technology allows authentic expression at work.

**WHY?** Personalized coaching integrated with AI boosts productivity and emotional wellbeing by up to 48%.

**We believe AI shouldn't impose a voice but become yours. AI that helps you show up as your best self - more you than ever before.**

Technology's  
next bold leap  
is human.
