ABOUT CAKEHR

Founded in 2011, CakeHR is a growing HR software company that streamlines attendance and performance management for customers in over 1000 cities worldwide.

Unlike older platforms which can be painfully slow and complex, our innovative and user-friendly tool is designed to be fast and enjoyable to use for employees and managers.

This improves employee engagement and identity in the company and the quality of data that they supply without the need for paperwork or spreadsheets.

KEY FUNCTIONALITY

- Leave Management
- Scheduling and Timesheets
- Performance Appraisal
- Onboarding & Off-boarding
- Centralised Employee Directory and Database
- Recruitment Management
- Organisational Chart

Simple HR for Anyone 🙶

Literally got set up in a few minutes and our team were submitting their holiday requests in no time. Super simple stuff and gives us exactly what we need to stay organised.
