**Calian Digital Solutions Ltd. (CDS)**

**Summary/The purpose of this engagement =**

With this offering, Calian is providing a customized modernization discovery assessment designed to meet the needs of your technology stack modernization journey.

**Description=**

Are you looking to revitalize your organization's digital presence and stay ahead in today's fast-paced digital landscape?

With every industry facing rapidly evolving demands and stringent regulations, it has become crucial for the organizations to modernize the technology stack for their software systems to maintain competitiveness and ensure superior customer service. Modernizing the technology stack can help organizations stay competitive and operate efficiently in today's digital era.

Meet Calian Digital Solutions (CDS), your go-to partner for modernizing applications to the latest industry standards. With our expertise, we can help you securely offer new and existing services online, ensuring you remain competitive and operate efficiently.

CDS is at the forefront of modernizing and migrating applications to the latest industry standards. Their expertise enables organizations to securely offer both new and existing services online, helping them remain competitive and operate efficiently in today's digital era.

With this offering CDS is providing a customized modernization assessment designed to meet the needs of your technology stack modernization journey. Our assessment is designed to fit your needs, providing a comprehensive analysis of your current system.

We identify the crucial steps required for modernization and deliver personalized recommendations to drive your transformation forward.

**Discovery Agenda**

Our team will work closely with you to assess your current technology stack and recommend the best path forward. Our 2-4 week discovery assessment includes:

- Finalizing the scope of discovery exercise after a business and technical overview
- Agree on cost of discovery exercise and next steps
- Analysis of existing system and applications
- Final deliverable:
  - Discovery report
  - Modernization readiness status
  - Recommendation on next steps

Don't wait to elevate your digital strategy. Contact CDS today through the Azure Marketplace and take the first step towards a modernized future.
