

Why Calsoft?

Rich Experience in Software Implementations

Over the last 30 years, we have implemented Microsoft Dynamics ERP systems for more than 1K clients with 95%+ Retention Rate

Microsoft Gold Competency – Enterprise Resource Planning

Calsoft is in the top 5% of partners that has achieved the Microsoft Gold competency for Enterprise Resource Planning (ERP) along with being a certified reseller for Microsoft Dynamics 365 Business Central and Dynamics365 Finance & Supply Chain Management

When you work with Calsoft you can rest assured that you're partnering with a well qualified and deeply experienced Microsoft Dynamics partner.

Microsoft Gold Partner of ERP and Certified Microsoft CSP

We are certified as a Microsoft Gold Partner of Microsoft Dynamics ;

- Dynamics 365 Financial & Supply Chain Management
- Dynamics 365 Business Central

We are also certified as a Microsoft CSP (Cloud Service Provider)

Systematic Project Management

Calsoft has established our own systematic project management methodology, which is based on the Project Management Body of Knowledge (PMBOK) method. This is one of the key reasons why we consistently complete software development projects **on schedule, on budget and according to specification.**

One Stop Service

Our team has both a breadth and depth of experience in IT and we offer solutions for any IT need. Thus we can extend the functionality of your current system(s) by integrating these solutions with your current applications.

We can help you expand your system as your company grows!
