

# Accelerate your Cloud Journey with Azure Setup

## ABOUT CAMPANA & SCHOTT AZURE SETUP:

Campana & Schott accompanies enterprises holistically with the design, planning, introduction and management of Microsoft Azure to establish an Azure Platform that is highly scalable, easily manageable and secure at any time.

## WHAT WE OFFER

Azure Setup brings your company from zero to a customized and well-designed Azure platform in no time. You'll receive an optimized platform, that suits your current needs and is ready for future growth.

We prioritize design areas to customize the Azure platform to your needs. Our team develops a roadmap considering operations, governance and automation to exploit the full potential of a cloud platform.

Exemplary Topics covered in Azure Setup:

- Enrolling Azure
- Identity & Access Management
- Security, Governance & Compliance
- Landing Zones
- Cost Management
- Platform Monitoring

Save time and effort with our thoughtful consulting approach. Receive your customized *CS Azure Setup Handbook* – containing best practices, checklists and documentation of our jointly made decisions.

## WHAT OUR CUSTOMERS ARE SAYING

*“Campana & Schott has significantly accelerated our adoption of the Azure platform. Today, CS's best practices and customizations contribute vastly to the smooth operation of our Azure platform.”*

# Microsoft Azure

Microsoft Azure is an ever-expanding set of cloud computing services to help your organization meet its business challenges. With Azure, your business or organization has the freedom to build, manage, and deploy applications on a massive, global network using your preferred tools and frameworks.

## WHY AZURE

### Be future-ready

Continuous innovation from Microsoft supports your development today and your product visions for tomorrow. With 1,000+ new capabilities in the past year, you can build on the latest advancements in AI, blockchain, Kubernetes, containers, and databases to keep you ahead of the curve.

Our enterprise-grade analytics solution outperforms the competition, costs less, and is fully compatible with your existing development, BI, and data science tools.

### Build on your terms

You have choices. With our commitment to open source and support for all languages and frameworks, you can build and deploy how you want to. Take advantage of the full-featured, integrated development environments with built-in support for Visual Studio and Visual Studio Code, the most popular IDEs trusted by 15M+ developers.

We embrace open source, drive innovation through collaboration, and contribute back to the community.

### Operate hybrid seamlessly

On-premises, in the cloud, and at the edge—we'll meet you where you are. Integrate and manage your environments with tools and services designed for hybrid cloud.

Enhance security, simplify access, and set smart policies across your different environments with a single identity platform trusted by 90 percent of enterprises globally.

### Trust your cloud

Get security from the ground up, backed by a team of experts, and proactive compliance trusted by enterprises, governments, and startups.

With its \$1B+ investment in security R&D and 3,500 cybersecurity experts, security is foundational for Azure.
