# RAPID RESULTS

We have developed 'Rapid Results' offering to enable our clients to take advantage of the core 'out of the box' capabilities of Dynamics 365 Business Central, to deliver immediate results and to provide a platform upon which additional capabilities can be added in the future. All this can happen within a short timeframe at a fixed cost, and without the risk associated with a lengthy and complex implementation.

Microsoft Dynamics Business Central has been designed to work the way your business works, and the way technology should, by giving you the tools you need to improve your organisation's effectiveness. This is no cut down ERP solution; it provides a full range of capabilities to drive productivity and help you grow your top and bottom line results.

**from 11-weeks duration**

**from \$125,000 (ex. GST) fixed cost**

# OBJECTIVE

To deliver a great ERP implementation outcome for lower complexity organisations, while also providing cost certainty for the scope, approach and timeline.

- Move to the cloud faster – with confidence
- Connect previously isolated business systems to get an end-to-end view of your organisation
- Automate your processes – streamline your month-end closing processes – consolidate across entities, ledgers and currencies
