

MDR SERVICES ON SENTINEL

OUR UNDERSTANDING OF COMMON REQUIREMENTS

1. EPP/EDR - Endpoint Protection Detection & Response
2. SIEM Detection and Response
3. Cloud Infrastructure Protect Detection & Response
4. Data Security Detection and Response
5. Identity and Access Detection and Response
6. Threat and Vulnerability Management
7. Office 365 Detection and Response
8. SaaS Web Application Detection and Response
9. Security Automation & SecDevOps Integration
10. Cyber Physical SIEM Integrations

Transition to Transformation goals

Managed Service optimal

Protect Detect & Response

3 + 2 year optional duration

Flexible coverage 9/5 and 24/7/365

Cloud Native

Microsoft M365 integrated

Microsoft Azure integrated

Service Desk integrated

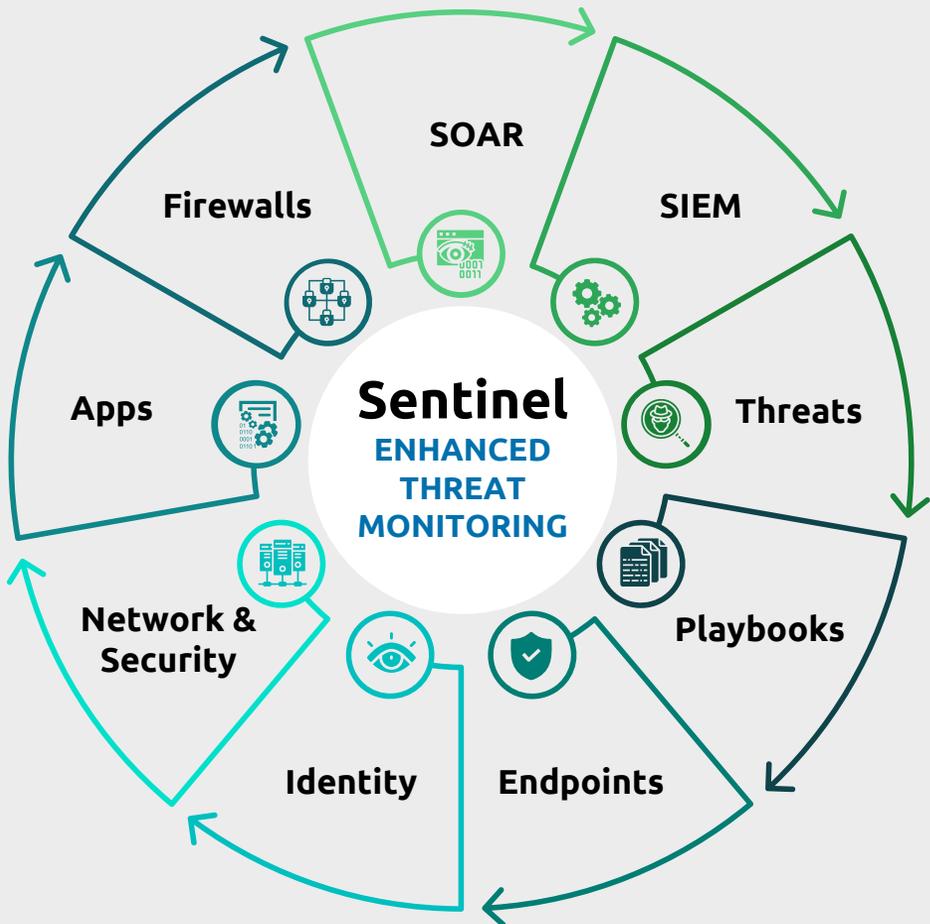

ITOPS & DevOps integrated

Advanced. Automated. Agile

OUR SOLUTION

Highly mutualized multi-tenant solution with a 24/7 advanced **Threat Monitoring system** utilizing endpoint security to provide **Identification, Alert Triage Investigation, Automated Response** and **Incident support** by an extremely skilled team.

Key features

Enterprise Visibility

Highly Trained Global Security Talent

Agility and Scalability

Globally Supported Mutualized SOC

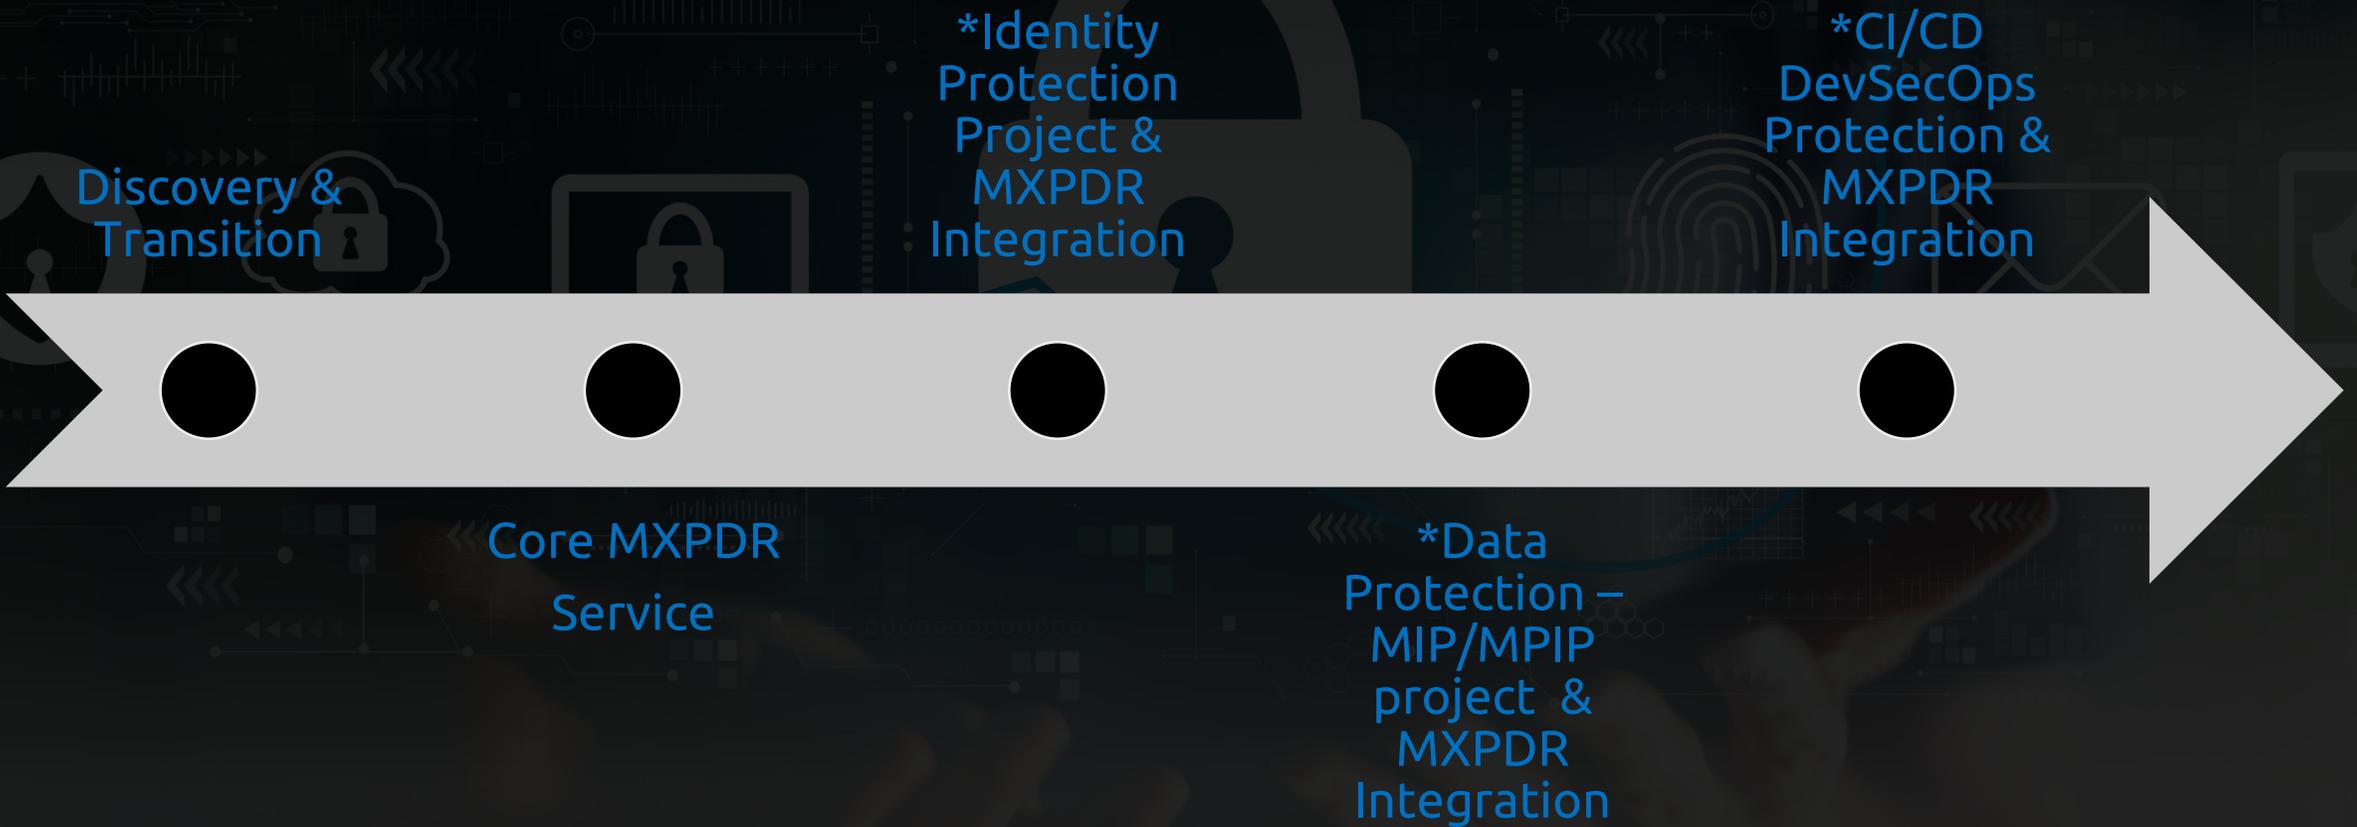

Central Cloud Management Console

Lower Total Cost of Ownership (TCO)

Framework Driven Approach - NIST, MITRE Framework and Cyber Kill Chain

“Streamline your security operations with Sentinel”

SERVICE ROADMAP

**CLIENT planned security implementation projects*

WHY CAPGEMINI CYBER?

Industry Thought Leader

1

- Philosophy to **“Think like an Attacker”** to protect our Clients
- Leveraging service orchestration and **Machine Learning** to stay ahead
- **Actionable Threat Intelligence** from commercial sources, National CERTs, and Security Agencies
- Security Labs to **Test Security Products**, and **Malware Analysis**

Industry Recognition & Global Coverage

2

- **Recognized by Gartner** as a Niche Player in Gartner, Magic Quadrant for Managed Security Services, Worldwide(*)
- Leaders in MSS by **HFS Research Blueprint** and **Nelson Hall NEAT**
- True Global presence and **Network of 15 connected Security Operations Centers & Labs**
- **Shared** and **Dedicated Service Delivery** model to address our Clients' Security Compliance Requirements and Risk

Proven Track Record

3

- **650+ Customers**, Cross-industry Experience
- Service Delivery Excellence - **70% Customers Highly Satisfied**
- Delivered **End-to-End Cyber Security Services** from Policy Definition/Strategic consulting to Deployment, Management & Monitoring
- **Integrated MSS Portal** for Real-time Service Status & Client Interaction

Proven Processes & Methodologies

4

- We have our own way of working, the **Collaborative Business Experience™**, and draw on our **Right shore®** model
- **Low Cost of Ownership** – doing more with less, while staying competitive
- **Streamlined Processes** to improve Productivity and Compliance
- Security not bolted-on – **Security and Privacy by Design**

People Centric

5

- Strong **ONE Global Team of 4500+ Skilled Cyber Security Experts**
- Dedicated **Skills Development and Training** function for Cross-skilling and Up-skilling
- Team members hold **Industry Standard Certifications**, such as CISSP, CISM, CISA, CCSP, including ITIL, CEH, CCIE and other **Technology Certifications**
