

Expert Guidance to Improve Organizational Business Outcomes & End User Experiences

## Microsoft 365 Strategic Workshop

Make the most of your Microsoft 365 Investment

The Microsoft 365 Strategic Workshop helps organizations understand the full capabilities of their Microsoft 365 investment. At completion of the Workshop organizations have a better understanding of what features and functionality they are or are not utilizing and a strategic roadmap to get better TCO and ROI from the platform.

CDI utilizes in-house expert resources, built-in Microsoft tools, and Microsoft 365 reports to provide greater awareness and understanding of license entitlements and current usage.

### Activities Include:

- Review of organizations current Microsoft 365 tenant
- Interviews with Stakeholders and IT staff to identify priorities and “pain points”
- Generate Findings, Recommendations, Roadmap, and Executive Summary.
- Gap Analysis between target state, desired functionality, and licenses
- Review of documentation, with Q&A.
