

Smart and Complete Academic Management Software that can be used by any type of University, College, Institute, Training Institute, or Educational Academy. If your Academy provides courses based on multiple Sessions. Like Semesters, Trimesters, Quadmester or Yearly then this is the most perfect solution for your academy. From admission to graduation, It has all the necessary features. Such as Student Enroll and Transfer, Academic setup, Class and Exam routine setup, Student Attendance, Exam mark register and Result publication, Assignment manager, notice board, Email and SMS notification, Income-Expense record. Fees collection, Staff Attendance and Payroll, Library and Front-Desk management, Transcript and Certificate generation. Inventory, Hostel, and Transport Manager And many more. It contains all necessary modules with dynamic user roles and authorization systems. This way, you can create multiple user roles as needed and grant them permissions for what they should have access to.
