

# Copilot Evaluation Accelerator

Digital Workspace

## SERVICE OVERVIEW

The Copilot Evaluation Accelerator program is tailored for customers with over 50 Microsoft Copilot Licences and at least 300 Microsoft 365 users, aiming for a company-wide adoption of Copilot. This workshop offers guidance and valuable resources to quickly showcase benefits to the initial user set. It aids organizations in developing "champions", promoting user adoption through training sessions and creating an AI transformation roadmap.

## SERVICE FEATURES

The Copilot Evaluation Accelerator Workshop is a hands-on experience that helps customers discover the benefits of using artificial intelligence (AI) to enhance their productivity and collaboration with Microsoft 365. In this workshop, customers will learn how to:

- Understand the business value of AI and how it can transform their work processes and outcomes
- Activate a champions community, a network of AI enthusiasts and experts who can support and guide them throughout their AI journey
- Implement best practices to achieve high user adoption of the Copilot for Microsoft 365 scenarios, such as writing emails, creating presentations and analyzing data

## WHAT WE DO

**Assess:** Align stakeholders and agree on the scope; identify champions and user groups to participate in the engagement.

**Architect:** Enable a set of user cohorts with the help of the champion community to achieve high adoption of the top Copilot for Microsoft 365 scenarios.

**Implement:** Summarize learnings and establish plans for your organization to optimize the adoption journey of Copilot for Microsoft 365.
