

Microsoft 365 Assessment

Digital Workspace

SERVICE OVERVIEW

The M365 Assessment provides a comprehensive evaluation of your organization's advanced Microsoft 365 (M365) services and security features.

SERVICE FEATURES

This assessment will cover key areas including Exchange Online, SharePoint Online, Teams, OneDrive and a high-level overview of Intune, along with other enterprise-level features available with E3 and E5 licences such as Microsoft Defender, Information Management and Compliance (Microsoft Purview).

WHAT WE DO

Assess: Examine and document the organization-wide and core settings for Microsoft 365 services, such as current configurations, security settings and compliance settings.

Architect: Design a strategic roadmap for optimizing the M365 deployment and aligning it with your business goals and needs.

Implement: Deliver a comprehensive report that will provide you with valuable insights and recommendations for enhancing security measures, improving service utilization and effectively leveraging advanced features.

WHY CDW?

In 2023, CDW earned the distinction of being the Microsoft Modern Workplace Partner of the Year. CDW recently became Microsoft's top partner in multiple areas ranging from technical proficiency to services capabilities, and we've earned that through training our 40+ dedicated Microsoft and 100+ Security team members up to gold standard level.

Resources available to our customers:

- A dedicated portal to manage your own licence (csp.cdw.ca)
- A team of highly certified Microsoft solution architects
- A dedicated Microsoft solutions specialist who is your first point for all things Microsoft

At CDW, we don't just concentrate on implementing new technology; we are committed to guiding our clients throughout the Digital Workspace Journey and fostering user adoption throughout their organization.

PARTNER SPECIALIZATIONS

Including but not limited to:

- Data and AI
