

# Microsoft Intune Suite Pilot

Digital Workspace

## MODERN ENDPOINT MANAGEMENT POWERED BY THE MICROSOFT CLOUD

In today's digital landscape, managing endpoints and ensuring security compliance is paramount. Our Pilot for Microsoft Intune Suite addresses the challenge of efficient device management. By leveraging a comprehensive suite of tools, we streamline operations, enhance security and boost productivity. With this service, you can expect improved endpoint management, enhanced security compliance and increased operational efficiency.

## SERVICE FEATURES

Microsoft Intune Suite is an all-encompassing service crafted to meet the varied requirements of organizations in search of reliable and effective device management solutions. We engage in detailed consultations to grasp your challenges and demands, devising a solution that integrates effortlessly with your current systems.

Essential elements of our service encompass an outline of Microsoft Intune Suite products, as well as their setup and configuration, including:

- Endpoint privileged management
- Enterprise app management
- Advanced endpoint analytics
- Remote help

Our services are custom-fit and fully integrated to align with your company's unique aims and workflows. We provide training to prepare your IT staff for effective management and usage. Key attributes of our solution include scalability, flexibility, robust security and user-friendly design, facilitating seamless device management. Benefits include heightened efficiency, enhanced security, cost savings and a consistent user experience.

## WHAT WE DO

### Assess:

- Complete a customer questionnaire
- Pre-engagement call and/or kick-off meeting with stakeholders and project team
- Present Intune Suite solutions overview and pilot design presentation and document pilot design decisions and required remediations

#### **Architect:**

- Build design decisions and remediations checklist
- Execute remediation activities
- Present the deployment overview presentations for each of the selected Microsoft Intune solutions
- Deploy the selected solutions

#### **Implement:**

- Build the findings and next steps presentation
- Present the findings and next steps presentation to the business's decision-makers and stakeholders

## **WHY CDW?**

In 2023, CDW earned the distinction of being the Microsoft Modern Workplace Partner of the Year. CDW recently became Microsoft's top partner in multiple areas ranging from technical proficiency to services capabilities, and we've earned that through training our 40+ dedicated Microsoft and 100+ security professionals up to gold standard level.

Resources available to our customers:

- A dedicated portal to manage your own licence ([csp.cdw.ca](https://csp.cdw.ca))
- A team of highly certified Microsoft solution architects with 30+ certifications
- A dedicated Microsoft solutions specialist who is your first point for all things Microsoft

At CDW, we don't just concentrate on implementing new technology; we are committed to guiding our clients throughout the digital workspace journey and fostering user adoption throughout their organization.

## **PARTNER SPECIALIZATIONS**
