CT STARGen AI Chat About

Show me the defect rate for the past quarter by product line.

The defect rate for the past quarter is as follows: Product A: 3.2%, Product B: 2.5%, and Product C: 4.1%.

Can you show me a trend graph of the monthly defect rates for Product A over the last six months?

CT STARGen AI Chat About

What was the downtime rate for each production line last month?

Last month, the downtime rates were as follows: Line 1: 4.5%, Line 2: 3.2%, and Line 3: 5.8%.

Can you break down the reasons for downtime on each line in a graphical representation?
