

A woman with blonde hair tied back, wearing a blue blazer over a white shirt, is seated at a desk. She is looking towards the right with a thoughtful expression. A silver laptop is open on the desk in front of her. The background features a large window with a grid pattern, through which bright light is streaming. The overall scene is a professional office environment.

## Briefing

**With the Managed Modern Workplace briefing you gain insight in our approach to setup and maintain and adoption of your Microsoft 365 Workplace**

Are you investigating current workplace technologies like Windows 11 and Microsoft 365 Apps? Are you worried on how to keep your workplaces up to date with the latest Microsoft 365 features and security updates? Are you looking for a new workplace environment that is agile and can move along your business needs? Then you need the Centric Managed Modern Workplace

In this briefing we will discuss our Managed Modern Workplace (MMW), which is a foundation build on Microsoft 365 that help you start with and extend the use of Microsoft 365. The MMW consist of Windows 11, Microsoft 365 Apps for enterprise, and Enterprise Mobility + Security for which we have developed an approach to setup, maintain and adoption of Windows 11 and Microsoft 365 in general.

We discuss your business needs, the bottlenecks in your current environment and your goals for a modern workplace. With this information we guide you through the important steps we need to take to implement your Microsoft 365 workplace environment and the benefits you gain by using Microsoft 365.

# Managed Modern Workplace Briefing

With this briefing we:

- Accelerate your start with Microsoft 365
- Help you make full use of the Microsoft 365 benefits
- Accelerate your Microsoft 365 adoption and change management
