

EVA Testing as A Service

CGI

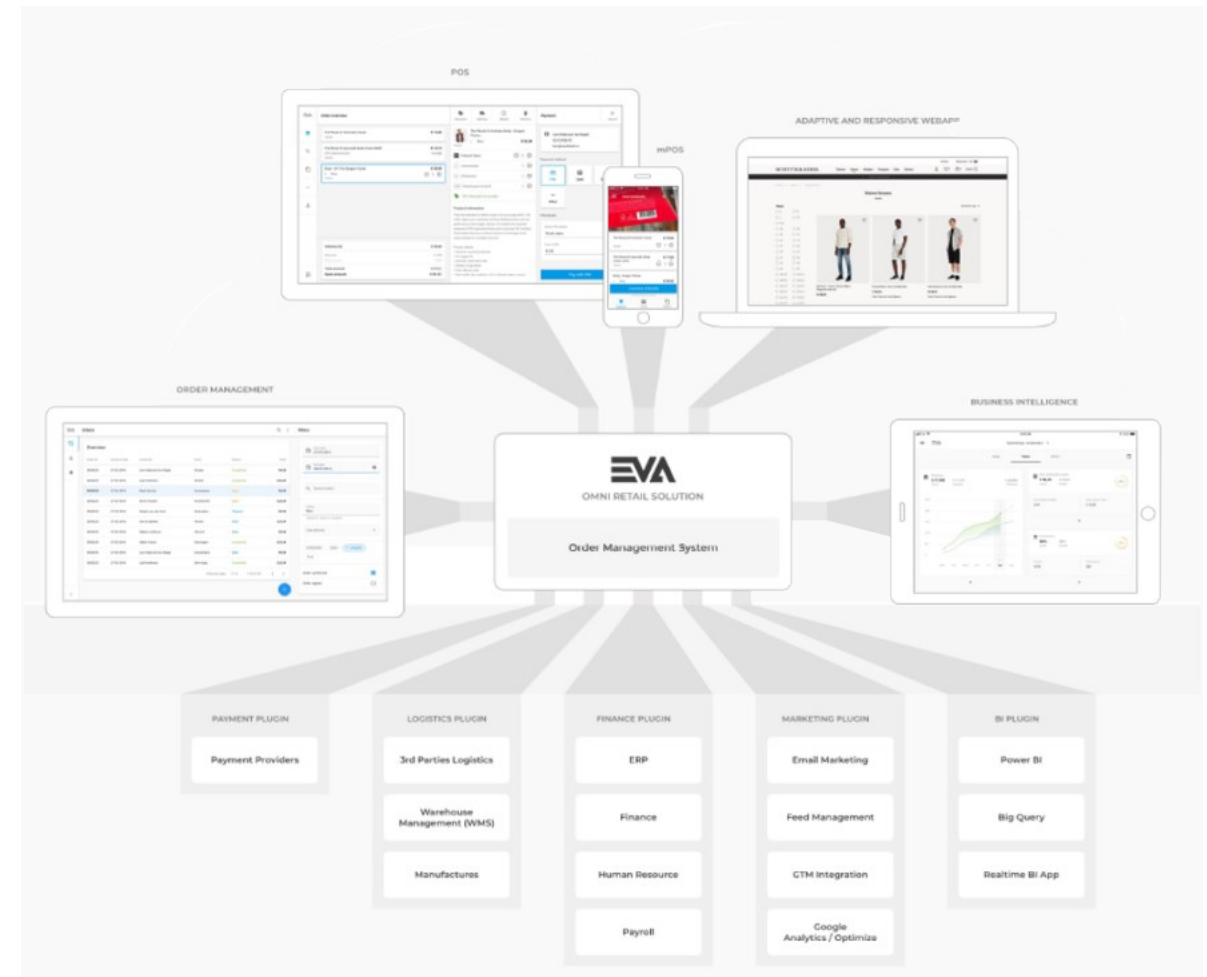

Testing As A Service (TAAS)

Testing will help to ensure a good software quality resulting in higher employee satisfaction. Best way to serve the client is to be able to remove their burdens. By offering TAAS the client can out/ insource this, until a certain limit, all of the test activities to a professional party, who will secure the quality of the to be implemented (EVA framework) software.

End to End Testing

- Endless Aisle
- Ship from Store
- Instore Inventory Management
- Click & Collect
