MICROSOFT 365 COPILOT ACM ENGAGEMENT

This engagement, focused on identifying high-value scenarios and establishing both technical and organisational baselines, is tailored to guarantee your organisation's successful adoption of Microsoft 365 Copilot – all at no additional cost.

Empowering these scenarios is Microsoft Copilot, a tool designed to significantly enhance your organisation's operations.

It's engineered to improve collaboration, increase efficiency, build teamwork, and prepare you for the AI era. Best of all, this powerful tool is offered completely free of charge, ensuring you reap these benefits without any financial commitment.

WORKSHOP EXPECTATIONS

Identify and prioritise key use case scenarios 

Explore opportunities to streamline business processes and improve productivity outcomes 

Provide an implementation plan and next steps to help you achieve your desired goals 

An adoption framework
