# Power Platform QuickStart

## Overview:

The Power Platform QuickStart service is designed for organizations new to the Microsoft Power Platform. We provide comprehensive consulting services that guide customers through onboarding, governance, and app development across Power Apps, Power Automate, Power BI, and Dataverse. Our expertise ensures that you harness the full potential of the Power Platform from day one.

## Key Features:

- ▶ **Onboarding Support:** Tailored onboarding sessions that familiarize your team with the Power Platform's capabilities.
- ▶ **Governance Framework:** Establish best practices for governance to ensure compliance and effective management of your Power Platform solutions.
- ▶ **App Development Guidance:** Expert advice on developing applications using Model and Canvas Apps, including their differences and appropriate use cases.
- ▶ **Solution Management:** Guidance on deploying apps in Unmanaged and Managed Solutions to optimize your development lifecycle.

## Benefits

- ▶ Accelerate your team's learning curve with structured onboarding and training.
- ▶ Ensure robust governance practices that protect your data and enhance collaboration.
- ▶ Maximize the effectiveness of your applications with expert development guidance.

## Deliverables

- ▶ Customized onboarding plan tailored to your organization's needs.
- ▶ Governance framework documentation.
- ▶ Development best practices guide for Power Apps, Power Automate, and Power BI.
