Why Partners trust us

"Thanks to CIGen, we **reduced our technical debt** and received ample support for their strategic technical initiatives. The team has a **great project management** approach and always aims to improve their partnership with us. Moreover, their members are **proactive and highly skilled**."

Karl Otto Aam
CTO at Skytech Control

"We have been working with CIGen for a few years. Our close cooperation brings significant value and result. **They think from a business perspective, meet time-lines and budget**. We have completed several projects and continue working together. Happy to recommend!"

Michael Nilsson Pauli
CEO & Co-founder at Kodexe
