CISILION

Copilot for Microsoft 365

Essentials
Begin the Journey

Powered by People, Driven by Digital
We believe that technology exists to support people. This is more evident with the introduction of AI, so let Cisilion's People Centric approach and Adoption practitioners enable you to get the best from these new tools.

Microsoft
Solutions Partner

> " They [Cisilion] provided valuable insight into what is around the corner…with an understanding of legal challenges…where able to articulate how Copilot for Microsoft 365 could be used to aid Law Firms.
>
> *London Law Firm*

This 4 Day Work Package is ideal for getting a group of your people taken through the Essentials of Copilot for Microsoft 365 and be expertly trained on the effective use of it in their day-to-day Office activities.

Your business, through this trial group will experience the essential shift in the future of how businesses will work and an insight on the potential productivity gains.

Copilot for Microsoft 365 is more than just introducing new technology into the environment and turning it on, it is all about managing the organisational change.

Our people centric approach is based on years of working with all sizes of organisations across almost

every sector, and is based upon:

- The key principles of Change Management
- The practical application of Behavioural Science
- The neuroscience of how we learn and gain new skills

Cisilion's Essentials, 4 Day offer will...

Build Your '*Dream Team*'

Form a Copilot Adoption Team with adoption leaders, and Copilot Champions.

Prepare accessible, welcoming and 'safe' feedback mechanisms for support and idea swapping.

Prioritise & Conquer

We will work with you to identify the best processes to engage with Copilot.

Through this we will boost your adoption of Copilot and help you achieve your business goals.

Empower the Champions

We produce and deliver tailored training for your team of "Copilot Champions".

Working together to get the most from the experience and see the potential for the future.

About Cisilion

Our people centric approach means we work with firms of all sizes to successfully implement and adopt new technologies which inspire and retain employees while attracting top talent. Our award-winning projects are complemented by our strategic relationships with world leading technology partners such as Microsoft.

Beyond Expectations
