CitiusTech Cloud FinOps Assessment

CitiusTech: FinOps Value

Without FinOps

Organization challenges

$ **Complex & multi-faceted cloud pricing**	**Excess of alternative architectures**
Lack of standardization in cloud platforms	**Constant change in cloud offerings**

With FinOps

Value experienced

|	
Spend alerts, Forecasted billing, Recommendations	Vulnerability remediation solutions, cloud accountability
Visibility, Optimizations & Recommendations for cloud assets	Detailed reports for cost savings and app performance

FinOps is not just cost optimization but also about identifying waste & ensuring maximum value for every $ spent.
