# Endpoint Management Workshop

## Microsoft Intune

# Endpoint Management Workshop

## MICROSOFT INTUNE

Empower secure and efficient endpoint management with Microsoft Intune, offering streamlined operations to enhance security, compliance, and productivity.

# Endpoint Management Workshop

## OVERVIEW

In today's hybrid work environment, organizations face growing challenges in managing and protecting endpoints across diverse devices and locations. Traditional tools often lack the centralized control, seamless deployment, and advanced defense measures needed to support modern workplaces. Microsoft Intune offers a comprehensive solution to address these challenges, enabling efficient endpoint management, streamlined operations, and robust device compliance, including:

- Comprehensive solutions for efficient endpoint management.
- Streamlined operations and advanced device compliance policies.
- Support for corporate-managed and BYOD (Bring Your Own Device) scenarios.

As your trusted IT advisor, Citrin Cooperman offers an “Endpoint Management Workshop” to help your organization:

- Deploy, manage, and protect identities, data, and devices using Microsoft 365.
- Gain full visibility into your environment to identify and address risks.
- Implement actionable measures to enhance your defense posture.
- Achieve operational efficiency while ensuring strong security and compliance.

# Endpoint Management Workshop

## WHAT ARE THE BENEFITS?

Discover how to optimize your IT environment in our workshop. Drive greater value from your technology investments with customized deployment approaches and strategic planning tools.

- **Seamless deployment:** We will show you how to transition to Windows 11 to fully embrace the benefits of modern device management.
- **Simplified operations:** Streamline device enrollment and configuration with Microsoft Intune. We will show you how to automate device provisioning and management to reduce complexity.
- **Enhance your defense posture:** Strengthen endpoint protection with Microsoft Entra ID, and Zero Trust based policies.
- **Maximize ROI:** We will help you to leverage tailored deployment plans and the **Microsoft Business Case Builder** (formerly Microsoft Value Calculator) to optimize investment returns by using Microsoft 365, and associated licensing

# Endpoint Management Workshop

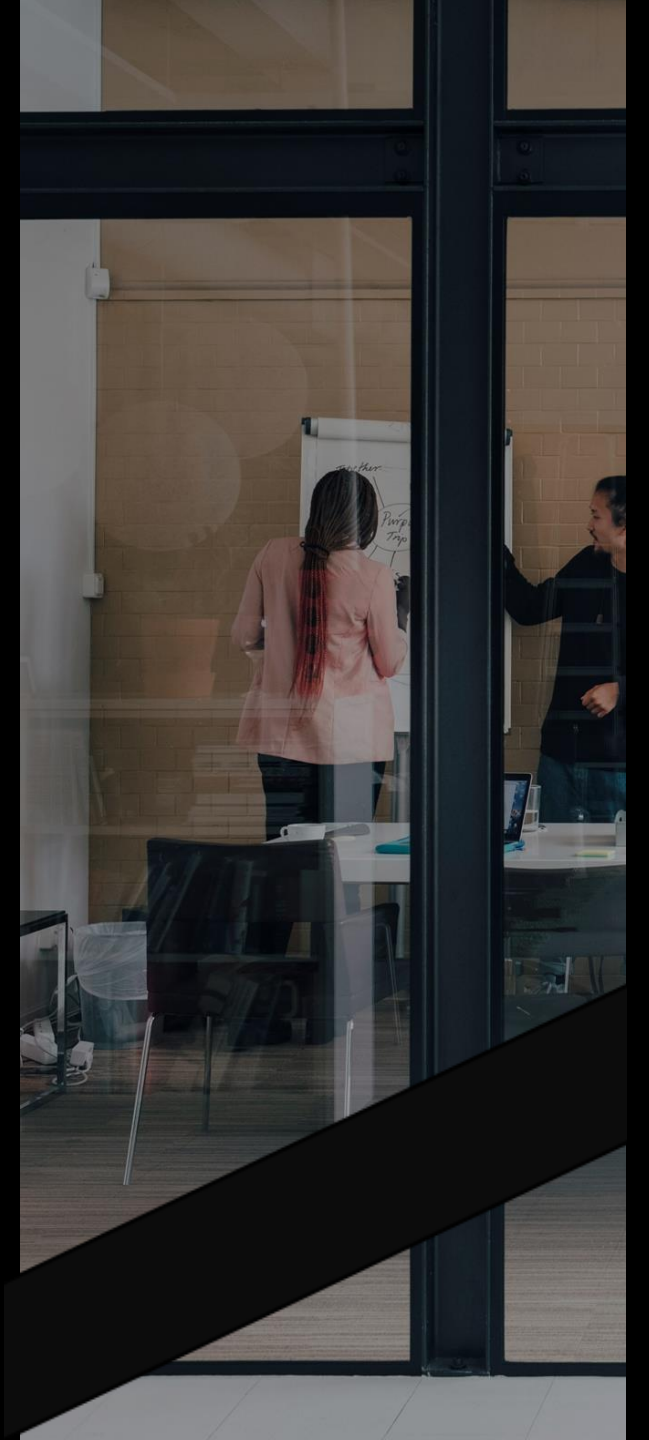

## PROGRAM DELIVERABLES

Our structured methodology ensures impactful outcomes tailored to your needs. By following this structured delivery plan, organizations can effectively implement Microsoft Intune, leading to enhanced endpoint management, improved defense posture, and streamlined IT operations.

### Phase One: Assess

Within this phase, Citrin Cooperman will demonstrate how Microsoft Intune can address identified needs and enhance endpoint management and defense.

- Understanding your existing device infrastructure: We will show you how to assess the compatibility of existing devices with Intune and identify any potential integration challenges.
- Evaluate security and compliance requirements: Review organizational security policies and compliance obligations and determine how Intune can meet or enhance these requirements.

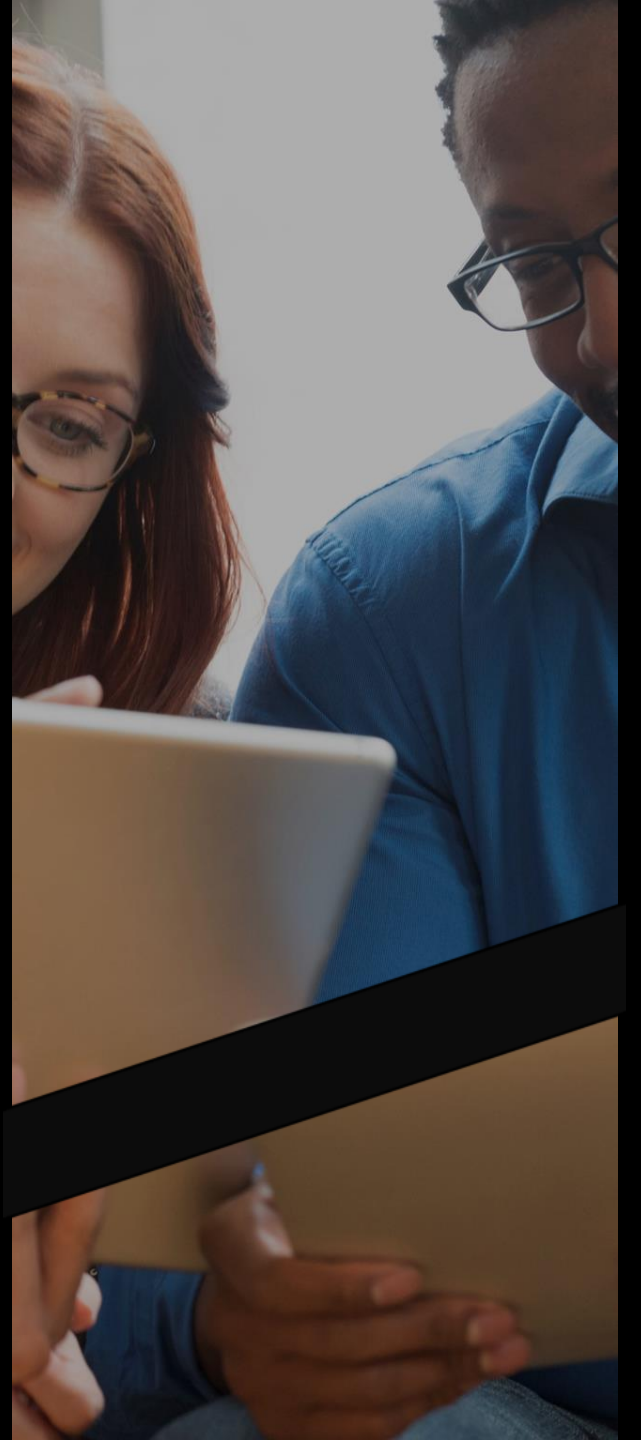

# Endpoint Management Workshop

## PROGRAM DELIVERABLES

### Phase Two: Art of the Possible

Within this phase, we will evaluate the organization's current endpoint management and defense landscape to identify needs and readiness for Microsoft Intune implementation.

- **Feature demonstration:** Citrin Cooperman will demonstrate Microsoft Intune features device enrollment, configuration profiles, compliance policies, application management, and more.
- **Integration options:** Our team will explain Microsoft Intune's integration with other Microsoft services like Microsoft Entra ID, and Microsoft Defender for Endpoint.
- **Compliance and security:** Our team will illustrate how Microsoft Intune enforces compliance policies, manages updates, and protects data across devices. We will also showcase Microsoft Entra ID's integration with Microsoft Intune.

# Endpoint Management Workshop

## PROGRAM DELIVERABLES

### Phase Three: Build the Plan

Within this phase, we will develop a comprehensive deployment plan for Microsoft Intune, tailored to the organization's specific needs and environment.

- **Design your deployment strategy:** Citrin Cooperman will develop a tailored deployment approach (e.g., phased rollout, pilot groups) based on organizational needs, readiness, and preferred device enrollment methods like self-enrollment, bulk enrollment, or Windows Autopilot.
- **Configuration and compliance policies:** Define device configuration profiles to enforce compliance settings and requirements and establish policies to monitor and remediate non-compliant devices..
- **Plan application management:** Identify applications to be managed or deployed via Microsoft Intune and determine App Protection policies for both managed and unmanaged devices.
- **Monitoring and reporting:** Configure dashboards and reports to monitor device compliance, status, and deployment progress, and define key performance indicators (KPIs) to measure the success of the Intune implementation.

# Why Citrin Cooperman

## VALUE PROPOSITION

- With deep expertise in Microsoft 365 technologies and a customer-centric approach, we are your ideal partner for modernizing endpoint management and defense.
- Our proven methodology ensures that we align measurable results with your business goals.

# Endpoint Management Workshop

## TAKE THE NEXT STEP

Transform your IT operations with our Endpoint Management Workshop. Gain critical insights, harden your endpoint defense posture, and build a future-ready IT environment for hybrid work. Let us guide your organization toward success.

Citrin Cooperman is one of the nation's largest professional services firms. Citrin Cooperman & Company, LLP, a licensed independent CPA firm that provides attest services and Citrin Cooperman Advisors LLC, which provides business advisory and non-attest services, operate as an alternative practice structure in accordance with the AICPA's Code of Professional Conduct and applicable law, regulations, and professional standards. Citrin Cooperman clients span an array of industry and business sectors and leverage a complete menu of service offerings.
