

# Healthcare and Life Sciences Compliance for the Azure Cloud

As a HITRUST certified company, compliance is at our core. We're bringing innovation to healthcare, combining our years of industry - exclusive compliance expertise and Azure cloud technology to help you digitally transform your organization. Compliance shouldn't be the reason you can't modernize; it should be the reason you can, and ClearDATA can help.

With the ClearDATA compliance offering for Azure, we'll help you easily transition to the cloud without risking compliance, while leveraging the same Microsoft platform you're already familiar with. Our visual dashboard and safeguards revolutionize the way compliance is monitored, so you'll never go off the rails.

## Innovate Safely in the Cloud with Automated Safeguards

We empower you to innovate with confidence by providing direct access to the Azure console, API, and command-line interfaces, while ensuring compliance is enforced throughout the service lifecycle. Our Automated Safeguards for Azure enforce compliance for the following BAA-covered Azure services:

- |                            |                            |                                  |
|----------------------------|----------------------------|----------------------------------|
| ✓ Azure Analysis Services  | ✓ Azure Directory          | ✓ Azure Machine Learning Service |
| ✓ Azure API for FHIR       | ✓ Azure Disk Storage       | ✓ Azure Monitor                  |
| ✓ Azure App Gateway        | ✓ Azure DNS                | ✓ AzureNetwork Security Group    |
| ✓ Azure App Service        | ✓ Azure Event Grid         | ✓ Azure Portal                   |
| ✓ Azure Container Registry | ✓ Azure Event Hubs         | ✓ Azure SQL Database             |
| ✓ Azure Cosmos DB          | ✓ Azure Functions          | ✓ Azure SQL Data Warehouse       |
| ✓ Azure Databricks         | ✓ Azure Key Vault          | ✓ Azure Storage Account          |
| ✓ Azure Data Factory       | ✓ Azure Kubernetes Service | ✓ Azure Virtual Machines         |
| ✓ Azure Data Lake Storage  | ✓ Azure Load Balancer      | ✓ Azure Virtual Network          |
|                            | ✓ Azure Log Analytics      |                                  |

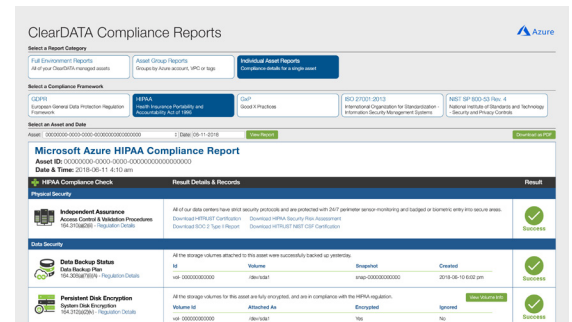

## One Comprehensive BAA

ClearDATA has developed a purpose-built shared responsibility model that combines architecture guidance, optimized delivery configurations and packaging options to provide additional security and processes on top of the Azure cloud. Paired with our HITRUST 9.1-certified processes and controls, we extend the Azure BAA and ensure that covered services and Virtual Machines deployed in Azure protect your sensitive data and map appropriately to your applications.

# Visualize and Prove Your Compliance Posture

ClearDATA's Compliance Dashboard visualizes your adherence to the complex and evolving technical safeguards necessary for storing, processing, or transmitting sensitive data.

Mapped directly to regulatory standards such as HIPAA, GDPR, NIST, and GxP, the Compliance Dashboard gives you at-a-glance visibility into your compliance posture presently and over time.

## Proven Expertise to Manage Your Azure Environment

As a Microsoft Gold Certified partner focused exclusively on the evolving compliance and security needs of healthcare, we offer comprehensive solutions for organizations wanting to leverage the speed, agility, and power of the cloud. From data privacy to data locality, our consultative approach simplifies the design and management of healthcare applications built for the Azure cloud.

Azure Certifications:

- AZ-100: Microsoft Azure Infrastructure and Deployment
- AZ-103: Microsoft Azure Administrator
- AZ-203: Developing Solutions for Microsoft Azure
