

Cleo is Laser-Focused on Acute Care Clinicians

Cleo Health transforms the clinician experience by delivering a **tailored, ambient platform** designed to optimize efficiency, reduce administrative burden, and enhance patient care.

Tailored Ambient Listening

Cleo provides **personalized, adaptive instructions** that fit seamlessly into each physician's unique workflow, optimizing efficiency **without disruption**

- ✓ **Macros & Custom Instructions:** Clinicians can personalize Macros and Custom Instructions to personalize notes
- ✓ **Supplemental Documentation Templates:** Clinicians can personalize and utilize Supplemental Document templates to generate Discharge Summaries and other vital documents
- ✓ **No Complicated Integrations:** Cleo is EHR-agnostic and requires simple workflows for entry into any EHR
- ✓ **Built-In Education:** Cleo's education is built-in to the app, avoiding disruption and allowing clinicians to learn about advanced features at their own pace

Proven Results, Real Impact*

- ✓ **54 minutes saved per shift:** More time for patient care, less time on administrative tasks and documentation
- ✓ **Increased provider satisfaction:** Physicians experience less burnout and greater efficiency.

Comprehensive Intelligent Platform

- ✓ **Intelligent Risk Management:** Enhances decision-making with real-time risk assessments
- ✓ **Patient Experience Engagement:** Strengthens doctor-patient connections with smart insights
- ✓ **Optimized MDM Generation:** Automates clinical documentation with precision and compliance
