Advanced Readiness Assessment

Foster a Culture of Innovation and Creativity!

Are you ready to lead the way in the AI era?

Reap the benefits of Microsoft 365 Copilot in just 3–4 weeks with **Click2Cloud's Copilot Advanced Readiness Assessment.**

Microsoft 365 Copilot Advanced Readiness Assessment: Agile Approach

Envisioning Workshop

- We evaluate the **organization's objectives and challenges**
- Provide an understanding of **the power of Microsoft 365 Copilot** and walk through its prerequisites to leverage **Copilot.**

Advanced Readiness Assessment

Our 3–4-week Advanced Readiness Assessment includes:

- Persona Evaluation
- Current SKUs
- Security Analysis
- Zero Trust Foundations
- Copilot Readiness Check
- Financial Analysis
- Technical Requirements

Final Key Outcomes:

Comprehensive Report, including:

- **Financial Benefits**
- **Security Score**
- **Zero Trust: Uncovering Security Vulnerabilities**
- **Copilot Readiness Score**
- **Value Realization**
- **Business and Technical Benefits**
- **Strategic Integration Roadmap with Copilot & AI Business Case Recommendations**

Successful implementation starts with a readiness assessment. Have a roadmap for deployment and a Microsoft 365 environment ready for **Copilot with Click2Cloud's Microsoft 365 Copilot Advanced Readiness Assessment.**
