

START YOUR DIGITAL TRANSFORMATION JOURNEY TODAY

REGISTER TO GET YOUR **1ST FREE ASSESSMENT** WITH **CLICK2CLOUD**.

Click2Cloud is a Microsoft gold partner, provides automated solutions for cloud assessment & digital transformation using AI and ML-based trademarked products (Clouds Intel and Clouds Brain) across the industries.

Our cloud solutions help customers and partners to accelerate cloud adoption and digital transformation with real time analysis. We specialize in Apps and Infra, Data & AI, Modern work, Biz app-based solutions assessment; rapid prototyping with Low code No code and K8S based solutions.

Established in 2014 with headquarters in India, and branch offices across the globe.

ASSESSMENT TYPES

<p>Data & Infra Migration</p>	<p>Data Warehouse Migration</p>
<p>Power Apps Power Platform</p>	<p>Cloud Security Assessment</p>
<p>Contract Optimization</p>	<p>Mainframe Modernization</p>
<p>SAP on Azure</p>	<p>Application Modernization</p>
<p>Sustainability Assessment</p>	<p>Oracle to PostgreSQL (Hyperscale - Citus)</p>
<p>Modern Workplace Assessment</p>	<p>Analytics Assessment</p>

INNOVATION FACTORY

(Assessment + Industry Solution)

2-4 Weeks

SOLUTION ASSESSMENT

Assessment Report

- Discovery - Data collection
- Final analysis - TCO/ ROI – Detailed cost and financial analysis
- Migration plan - Summary of Current Environment
- Recommended Next Steps - Customer Proposal
- Business case demonstrating the value story
- Executive summary Clear next steps post assessment

1-3 Days

CAF WORKSHOP

(Cloud Adoption Framework Workshop)

Conduct workshops

- Strategy, Plan & Ready 1-Day Workshop to help define high level cloud strategy and adoption plan
- Ready & Govern Workshop to define Azure landing zone design
- Help understand all elements of the transition to cloud

1 Weeks

LANDING ZONE

(Foundational)

- Foundational Landing Zone Design/review to support Pilot/POC
- Migration/Modernization plan with cloud strategy recommendations
- Design and deploy Landing Zone
- Deploy ARM templates and Enterprise scale landing zone.

2-4 Weeks

INDUSTRY SOLUTIONS

(Pilot/Proof of Concept)

- Pilot/POC for first workload
- Expert guidance to migrate a pilot workload to Azure e.g.,
- 1st modernized
- 5 VMs migrated
- One Low Code No Code application
- Azure sandbox (or Azure credits) to offset costs as you test
- Data lakes - AI/ML
- Future Modernization plan

DIGITAL & APP INNOVATION

- Modernize Enterprise Applications
- Innovate and Scale with Cloud Native apps
- Enable Developer Productivity and Accelerate Delivery
- Accelerate Innovation with Low Code

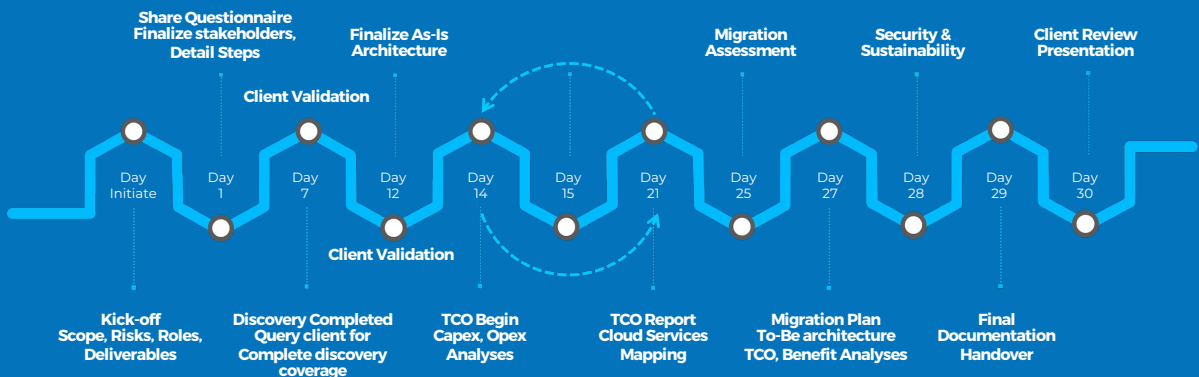

DATA & AI

- Migrate and Modernize your Data Estate
- Innovate with AI and Cloud scale Databases in Every App
- Power Business Decisions with Cloud Scale Analytics
- Enable Unified Data Governance

INFRASTRUCTURE

- Migrate and Modernize your Infrastructure and Workloads
- Modernize SAP on the Microsoft Cloud
- Modernize your workloads with Azure at any scale with HPC + AI
- Protect your data and ensure business resiliency with BCDR
- Innovate across hybrid and edge with Arc and IoT
