

# Drive your digital transformation with Cloocus

The best virtual desktop experience, delivered on Microsoft Azure

**Window Virtual Desktop (WVD)** is an Azure cloud-based Window Virtual Desktop environment provided by Microsoft that supports your company's rapid home and remote work environment. In just a few minutes, you can set up WVD to support safe remote work. Give your end users the familiarity and compatibility of Windows 10 in a new scalable multi-session environment, and save money by using the same Windows license! Manage end-to-end Windows Virtual Desktop deployments along with other Azure services within the Azure portal.
